REAL-RESUMES FOR ENGINEERING JOBS

--INCLUDING REAL RESUMES USED TO CHANGE CAREERS AND RESUMES USED TO GAIN FEDERAL EMPLOYMENT

PREP Publishing Civil engineers, mechanical engineers, structural engineers, marine engineers, chemical engineers, systems engineers, and engineering support personnel have a lot in common when they want to create a resume, and this book shows resumes and cover letters of individuals who want to work in the field. For those who seek federal employment, there's a special section showing how to create federal resumes and government applications. Since many technical types aren't writers, this comes as a special gift: select a winning format, plug in your background specs, and away you go. It's that easy--with REAL RESUMES in hand. - The Midwest Book Review1-885288-42-5
