French-Brazilian Geography

The Influence of French Geography in Brazil

Springer This book analyses the development of geography as a scientific discipline in Brazil, highlighting how the established partnerships with French geographers have helped shape scientific progress in the country. It connects economic development and politics with the study of geography in Brazil. The author, José Borzacchiello da Silva, includes interviews with renowned French geographers, documenting their insight into the French contribution to geography in Brazil. The research partnerships established have been significant to the foundation and growth of the discipline in the country.

The Modern Essay in French

Movement, Instability, Performance

Peter Lang As a textual form, the essai predominates in modern and contemporary literature in French. Emerging from an earlier tradition and distinguished from its English-language counterpart, the French-language essay ranges from Stéphane Mallarmé to Colette, Victor Segalen to Aimé Césaire, Jean Grenier to Pierre Michon. The essai remains, however, one of the most hazily identified of textual forms, its definition often depending on the progressive elimination of all other generic possibilities. Excluded from the archigenres (theatre, poetry, récit), it can even be seen as a hold-all category whose role is to absorb the anarchic extremes of writing. It is perhaps this very lack of pretension to orthodoxy that has drawn so many writers to the essai. The conventional understanding of the term - as a tentative, unsystematic exploration - stresses the genre's provisional nature, its refusal of any claims to comprehensiveness. The essai exploits the devices of anecdote, illustration and humour; it is addressed to a wide and often general audience; it is also intricately linked to the performance of ideological and writerly strategies, often reordering the classical art of rhetoric and persuasion. As the contributions to this volume show, there is a need to outline an ethics and politics, as well as poetics, of essayism.

Real and Complex Singularities

American Mathematical Soc. This volume is a collection of papers presented at the XIII International Workshop on Real and Complex Singularities, held from July 27–August 8, 2014, in São Carlos, Brazil, in honor of María del Carmen Romero Fuster's 60th birthday. The volume contains the notes from two mini-courses taught during the workshop: on intersection homology by J.-P. Brasselet, and on non-isolated hypersurface singularities and Lê cycles by D. Massey. The remaining contributions are research articles which cover topics from the foundations of singularity theory (including classification theory and invariants) to topology of singular spaces (links of singularities and semi-algebraic sets), as well as applications to topology (cobordism and Lefschetz fibrations), dynamical systems (Morse-Bott functions) and differential geometry (affine geometry, Gauss-maps, caustics, frontals and non-Euclidean geometries). This book is published in cooperation with Real Sociedad Matemática Española (RSME)

La Représentation et la réinvention des espaces de sociabilité durant le long XVIIIe siècle. Tome VII

Iggybook Ce volume de *Transversales* constitue le septième volet des travaux de spécialistes des études sur le dix-huitième siècle français et britannique. Ces chercheurs tentent de redéfinir les modes opératoires de la sociabilité pour chacune des deux nations, à partir de sources célèbres ou méconnues, et s'interrogent sur la réalité de la supériorité du modèle français de sociabilité. Le présent volume s'intéresse plus particulièrement à la représentation et à la réinvention des espaces de sociabilité à partir de sources diverses, correspondance, oeuvres littéraires, archives de sociétés, essais philosophiques, films. Il met en évidence les dimensions urbanistiques et transgressives de l'espace, sa dualité, en étant à la fois imaginaire et physique et s'interroge sur le rôle de l'être humain, acteur et spectateur. La représentation des espaces de sociabilité, telle qu'elle est abordée dans cet ouvrage, pose la question de l'autorité et de la négociation opérée par l'individu entre liberté et appartenance à un groupe socio-culturel lui-même indissociable d'une nation en devenir. This volume is the seventh in the *Transversales* series published by a group of researchers of different nationalities on the topic of sociability in France and Britain during the Enlightenment. The research focuses on the extent to which a new model of sociability emerged in these nations during this period, and the similarities and differences between the ways this model developed on each side of the Channel. The present volume examines the representation and reinvention of sociable spaces through an excavation of various sources, letters, literary works, archives of societies, philosophical essays, films. It highlights the urbanistic and transgressive aspects of space, its duality, as it is at once physical and imaginary, and it questions the role of human beings, both as actors and spectators. The representation of sociable spaces, as it is dealt with in this work, raises the issue of authority and of the negotiation enacted by the individual between freedom and the membership of a socio-cultural group that is inseparable from a nation in the making.

Progress in French Tourism Geographies

Inhabiting Touristic Worlds

Springer Nature This book provides an overview of the recent progress in Francophone tourism geography. It focuses on the theoretical advances in social and cultural geography, whereby the symbolic dimensions of tourism and the creation of tourism worlds are key. It puts forward the tourist conceived as mobile, situated, skilled, reflexive inhabitant of places, which gives all its meaning to the expression "inhabiting touristic worlds". More specifically, this book addresses numerous rarely addressed issues such as the geo-

history of tourism, the material cultures of tourists, the digitality and disconnection from digital technologies in National Parcs or the use of knowledge of tourists in metropolises. It gives insights in the specific Francophone approaches such as inhabiting, the urbanity of tourist resorts and the notion of territory in tourist studies. Finally, it provides an overview of the urban dimensions of tourism, place-making in the form of heritage, oasis tourism, sports tourism, production of space in Mexican resorts. As such, the book provides a key read for academics, students and professionals in tourism studies and tourism geography in search for alternative approaches.

Espaces et aires protégés

gestion intégrée et gouvernance participative

Editions Publibook Derrière la vitrine et les programmes qui les accompagnent (réappropriation des territoires, écotourisme, protection de l'environnement, implication participative des personnes y résidant), par-delà la volonté de faire des espaces protégés les tremplins d'un développement durable, quelle est, sur place, la réalité de ces zones ? Autrement formulé : de quel type de tensions et de désillusions sont-elles la source ? Comment se jouent, in situ, la préservation de la nature, la distribution des richesses générées ou celles des missions dévolues aux différents intervenants (Etat, acteurs locaux, organisations, entreprises) ? Quelles disparités au niveau du succès de ces aires, selon qu'elles se situent en pays développés ou en pays en voie de développement ? Afin de lever le voile sur les tiraillements, noeuds structurels et échecs de ces espaces. détour par le Québec, le Bénin, la Guadeloupe, Madagascar... En plaçant les espaces protégés, de quelque nature juridique et administrative qu'ils soient, au coeur de sa réflexion, ce douzième numéro des Etudes caribéennes questionne le revers de la médaille et met à jour les dysfonctionnements, les demi-échecs, les vœux pieux, les luttes dont ils sont l'objet. Se focalisant sur la Caraïbe, sans pour autant refuser de dresser un bilan critique de ce type de territoires ailleurs sur le globe, les auteurs de ces essais révèlent des problématiques structurelles et socio-économiques qui n'ont rien de locales, mais qui concernent, plus généralement, la difficile capacité de l'humanité à valoriser et gérer ce qu'elle cherche par tous les moyens à défendre.

The International English and French Dictionary: French-English

Les espaces sexués

Topographie des genres dans les espaces imaginaires et symboliques

LIT Verlag Münster Cet ouvrage traite de la division des sexes dans l'espace social, de l'assignation de lieux et d'espaces plus ou moins strictement délimités à l'un ou l'autre sexe/genre. Il se répartit en trois grands champs d'études : la fiction, littéraire et narrative ; le symbolique et le religieux - lieux de cultes, espaces réservés aux pratiques liturgiques et ceux dévolus au sacré. la représentation théâtrale. Dans ces domaines privilégiés se manifestent les représentations des rapports humains et sociaux, leur symbolisation explicite et la mise en place (chacune « à sa place ») des figures socialisées du féminin et du masculin.
