## **KEY=COMMERCIAL - MATA IBARRA**

---

**General Principles of Commercial Law** *Juta and Company Ltd* This book have been written by experienced lecturers in commercial law in the Department of Mercantile Law at the University of South Africa. It provides non-law students with a succinct exposition of the general principles of commercial law. The selection of topics was influenced by the syllabus of the Independent Regulatory Board for Auditors for the law service course, as well as the syllabus for basic law courses of the Institute of Bankers. **General Principles of Commercial Law Shipping Law** *Routledge Shipping Law* covers the whole spectrum of English shipping law and is the only student text to address both wet and dry shipping law matters. It takes a structured and integrated approach to the highly specialised rules of shipping, which are placed in their commercial context and related to the general principles of English contract and tort law. This fifth edition offers a brand new section on arbitration, as well as detailed consideration of recent developments in law from the LOF 2011 and the 2010 Protocol to the HNS Convention. With in-depth commentary and analysis on recent important judicial decisions of the Supreme Court in *The Cendor Mopu*, and of the Court of Appeal in *The Eternity*, *The Wadi Sudr*, *The Kos*, and *The Eagle Valencia*, this textbook presents fully-to-date and well-balanced coverage of key cases and is an essential reference source for both students and those in practice. **Business and the Law** *Nelson Australia Business*

law is a core unit for all commerce students. Written for Australian commerce students studying law as a one-semester course for the first time - gives a solid introduction to business law within its social and business context. **Principles of Administrative Law** *Carswell Legal Publications* The work covers all important topics in the field, including constitutional considerations, the concept of a statutory delegate, the acquisition of jurisdiction, procedural fairness, discretionary powers, standards of review, and public and private law remedies against governmental action."--pub. desc. **Business Law I Essentials** A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. **Business Law I Essentials** is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. **Business Law I Essentials** may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches. **Interpretation of Contracts First Supplement to the Fifth Edition** The 5th edition provides thorough treatment of one of the most fundamental areas of law - the interpretation of contracts. All those drafting, revising or advising on written agreements will benefit from its detailed discussion of the rules of contract interpretation. **Business Law, 7th Edition** *Vikas Publishing House* The book 'Business Law' deals with the fundamental branches of business law, namely, law of contract, law of sale of goods, law of partnership, law of negotiable instruments and law of limited liability partnership. Its contents have been extracted from the authors' reputed title 'Mercantile Law' that has gained tremendous readership over the years. **Brierly's Law of Nations An Introduction to the Role of International Law in International Relations** *Oxford University Press* Work first published in 1928 under the title: Law of nations. **Essentials of Irish Business Law** *Gill Education* Update edition of this bestselling introductory textbook on Irish business law, which reflects all the major legislative and case law changes since 2008. Updated 6th edition of this bestselling introductory textbook on Irish business law, which reflects all the major legislative and case law changes since 2008. New to this edition: Defamation Act 2009 Legal Services Ombudsman Act 2009 Companies (Amendment) Act 2009 Enactment of Treaty of Lisbon in 2009 29th Amendment of the Constitution (Judges' Remuneration) Act 2011 Companies (Amendment) Bill 2012 Competition (Amendment) Bill 2011 Legal Services Regulation Bill 2011 Judicial Council Bill 2012 Enlargement of EU and Eurozone Streamlining of Employment Rights Bodies Provides students with a broad knowledge of the principles of Irish law as it affects commercial transactions Each chapter contains: Learning objectives The related rules of law to help students assimilate the necessary facts A

progress test and a list of important cases and/or statutes referred to Useful internet resources for further research Includes past exam questions from professional bodies Written For: Business law students within: Accounting Technicians Ireland Institute of Certified Public Accountants in Ireland Chartered Institute of Management Accountants Association of Chartered Certified Accountants Institute of Chartered Secretaries and Administrators Marketing Institute of Ireland Institute of Bankers in Ireland Irish Taxation Institute Honourable Society of King's Inns Law Society of Ireland Institute of International Trade of Ireland Irish Institute of Purchasing and Materials Management Business Law Principles, Cases, and Policy *Addison-Wesley Longman* Among the main topics addressed by this text are contracts, sales, commercial paper, debtor-creditor relations, property, business organizations, and government regulation of business. Each chapter contains a list of major topics, a summary list of key terms, and questions and problems. **Commercial Law Text, Cases, and Materials** *Oxford University Press* **Commercial Law: Text, Cases, and Materials** provides students with an extensive and valuable range of extracts from key cases and writings in this most dynamic field of law. The authors' expert commentary and questions enliven each topic while emphasizing the practical application of the law in its business context. Len Sealy and Richard Hooley have been joined by four renowned experts in the field for the preparation of this edition. The authors have captured the essence of this fascinating topic at a time of significant legislative, regulatory, and political change. **Civil Jurisdiction and Judgments** *CRC Press* Now in a fully updated sixth edition, this book is an established treatise in the field of civil jurisdiction and judgments. It states, analyses, illuminates and evaluates the law of civil jurisdiction and the enforcement of foreign judgments in English law, with this new edition taking into account the implications of the new Brussels I Regulation recast, Regulation (EU) 1215/2012, as well as the great number of developments in the case law which have taken place since 2009. This book looks in detail at the jurisdictional rules put in place by the (recast) Brussels I Regulation the common law rules of jurisdiction the principles according to which that jurisdiction will or will not be exercised the extent to which proceedings before a foreign court may be assisted or impeded obtaining interim and interlocutory relief recognition and enforcement of foreign judgments This text is an authoritative and comprehensive reference for all legal professionals working in commercial law across jurisdictions. **English Private Law** *Oxford University Press, USA* This work has become a key point of reference on English private law for lawyers in the UK and throughout the world. Packed within its 2,000 pages users will find a lucid, concise yet immensely authoritative account of all of the key areas of private law. Each section is written by an acknowledged expert, bringing to bear their experience and understanding to provide a clear distillation and analysis of the relevant subject. The second supplement, included in this set, fully updates the main volumes with all developments affecting English Private Law up to January 2004. **Business Law and**

the Legal Environment, Standard Edition *Cengage Learning* **BUSINESS LAW AND THE LEGAL ENVIRONMENT, 6E** uses vivid examples and memorable scenarios to lead students through the full breadth of business law. Focusing on hands-on application and using a conversational writing style, this handy textbook equips students for business challenges from the first page. Plus, by showing students through practice how legal concepts apply to their future careers, **BUSINESS LAW AND THE LEGAL ENVIRONMENT, 6E** draws students into the material, helping them study more effectively and diligently. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. **Management for Engineers, Technologists and Scientists** *Juta and Company Ltd* Addressing the specific needs of engineers, scientists, and technicians, this reference introduces engineering students to the basics of marketing, human resource management, employment relations, personnel management, and financial management. This guide will help engineering students develop a sense for business and prepare them for the commercial and administrative dealings with customers, suppliers, contractors, accountants, and managers. **Principles of Government Contracts** *West Academic Publishing* A continuation of the successful **Government Contracts in a Nutshell, 6th**, this expanded **Principles of Government Contracts, 7th** summarizes the Federal Acquisition Regulation System (FARS), improper business practices and personal conflicts of interest, publicizing contract actions, and competition requirements. Addresses acquisition planning, contractor qualifications, and descriptions of agency needs. Explains socio-economic policies, commercial items, contract types, options, sealed bidding, and contracting by negotiation. Reviews intellectual property, cost accounting standards, cost principles, financing, protests, disputes, and appeals. Explores research and development contracting, construction and architect-engineer contracts, inspection and warranty, value engineering, delays, suspension of work, changes and equitable adjustments, subcontracting, and government contract terminations for default and convenience. **Business Law and the Legal Environment Introduction to the Law and Legal System of the United States** *West Academic* This text provides an introduction to U.S. law. It is intended for law students, lawyers, and legal scholars from foreign countries; U.S. graduate and undergraduate college students; members of the general reading public in the United States; and anyone who seeks a "big picture" of the law and legal system. Not a casebook, it explains the major substantive areas of the law in narrative form with citations to cases and sources for additional detail. In addition to covering the principal substantive areas of the law, the book has chapters on: essential basic history and governmental structure necessary to an understanding of the legal system; the legal profession; the theory and practice of the adversary system of justice; and statutory interpretation and case law reasoning. **Keenan and Riches' Business Law** *Longman* This text is specifically designed for non-law students studying the law relating to business. Maintaining the accessible approach which has made this book

so popular, the authors provide user-friendly explanations to equip students with a good understanding of key legal concepts. **Introduction to Turkish Law** *Kluwer Law International B.V.* Encompassing all the major fields of legal practice, **Introduction to Turkish Law** provides an essential understanding of the Turkish legal system, so that users can become familiar with law and legal processes in Turkey and pursue further research on specific Turkish legal matters. Twelve chapters, written by Turkish experts in their areas of specialty, focus on particular fields and provide also the Turkish equivalents of English terminology. The book covers the following topics: • sources of Turkish law; • constitutional law; • administrative law; • legal persons and business associations; • family and inheritance matters; • property; • obligations; • criminal law; and • the laws of civil and criminal procedure. The sixth edition reflects the continuing adaptation of Turkish law to international standards - especially in light of Turkey's hopes for membership in the European Union. These aspirations forced the Turkish lawmakers to modify some basic laws intensively or change them entirely. A short updated list of books and articles in English on Turkish law is appended. **Legal Principles of Contracts and Commercial Law** *The Principles of Commercial Law With an Appendix of Statutes, Annotated by Means of References to the Text Law Firm Accounting and Financial Management* *Law Journal Press* This book covers topics such as: fundamentals of law firm financial information, with easy-to-understand examples of the data involved and financial management concepts. **Complete Criminal Law Text, Cases, and Materials** *Oxford University Press* 'Complete Criminal Law' provides a student-centred, straightforward approach to the criminal law LLB/CPE syllabus. It involves the student in an active approach to learning through the use of many learning features. **Corporate Director's Guidebook** *American Bar Association* The **Corporate Director's Guidebook** is recognized as the premier authority on the director's role and the board's functions. It is read, consulted and cited by board members, executives, lawyers and academics nationwide. Now available as a new Fifth Edition, the Guidebook completely updates its fourth edition published in 2004. This new Fifth Edition addresses recent effects the Sarbanes-Oxley Act has had in the corporate governance arena and its impact on the legal responsibilities of directors of public companies. **Foundational Principles of Contract Law** *Oxford University Press* **Foundational Principles of Contract Law** not only sets out the principles and rules of contract law, it places more emphasis on what the principles and rules of contract law should be, based on policy, morality, and experience. A major premise of the book is that the best way to grasp contract law is to understand it from a critical perspective as an organic, dynamic subject. When contract law is approached in this way it is much easier to grasp and learn than when it is presented simply as a static collection of principles and rules. Professor Eisenberg covers almost all areas of contract law, including the enforceability of promises, remedies for breach of contract, problems of assent, form contracts, the effect of mistake and changed circumstances, interpretation, and

problems of performance. Although the emphasis of the book is on the principles and rules of contract law, it also covers important theories in contract law, such as the theory of efficient breach, the theory of overreliance, the normative theory of contracts, formalism, and theories of contract interpretation. **Shipping Law** In this well-established textbook, Simon Baughen expertly covers the whole spectrum of English shipping law, placing the highly specialised rules of shipping in a commercial context and relating them to the general principles of contract and tort law. The book's accessible narrative and useful glossary of key terms will especially benefit students new to shipping law or from non-law backgrounds. In-depth commentary on judicial decisions and well-balanced coverage and analysis of recent and key cases, such as *The Longchamp*, *Spar Shipping v Grand China Logistics*, *The Maersk Tangier*, provide an up-to-date reference for all students on Shipping Law courses. The comprehensive overview of topics also ensures that the book is ably suited to course use, including discussion of such areas as: Bills of lading Charterparties Salvage Marine Pollution Jurisdiction Choice of Law Arbitration Accidents and collisions Fully updated throughout, this seventh edition provides an invaluable source of reference and will be of use to both students and to those in practice.

**Fundamentals of Modern Property Law + Casebookplus** *Foundation Press* As a part of our CasebookPlus offering, you'll receive the print book along with lifetime digital access to the eBook. Additionally you'll receive the Learning Library which includes quizzes tied specifically to your book, and outline starter and digital access to leading study aids in that subject and the Gilbert Law Dictionary. Rabin, Kwall, Kwall, and Arnold's *Fundamentals of Modern Property Law* tracks contemporary trends in property law with particular attention to emerging issues of environmental sustainability. The problem-based structure of the casebook comports with the student learning outcomes and assessment approach emphasized in recent years by the American Bar Association and the Carnegie Endowment Report. This edition provides a comprehensive introduction to intellectual property law. The novel legal problems raised by advances in technology demand that students receive early exposure to this area of law. This edition also emphasizes a planning perspective since lawyers spend a significant amount of time planning, as well as resolving controversies. **Australian Family Law in Context: Commentary and Materials** A contemporary and innovative examination of family law materials for undergraduate law students. **Contract Law in Australia** *Butterworth-Heinemann*

**European Tax Law Seventh Edition Volume I (Student edition)** *Kluwer Law International B.V.* The seventh edition of this two-volume set brings a comprehensive and systematic survey of European Tax Law up to January 2018. It provides a state of the art clarification and analysis of the implications of the EU Treaties and secondary EU law for national and bilateral tax law. From the consequences of the EU free movement rights - to the soft law meant to put a halt to harmful tax competition. The seventh edition of European Tax Law offers a cutting-edge analysis of the field

surrounding tax law across Europe. It puts forward a thought-provoking discussion of the current EU tax rules, as well as of the EU Court's case law in tax matters. Previous editions were highly regarded as a staple overview of EU tax law among EU tax law practitioners, policymakers, the judiciary and academics alike. With its updated legislation and case-law up to January 2018, this new edition maintains its unparalleled depth and clarity as the go-to reference book in the field. This first volume of the abridged student edition of 'European Tax Law' covers: 1. The consequences of the EU free movement rights, the EU State aid prohibition, the EU Charter of Fundamental Rights and the general principles of EU law for national tax law, tax treaties, national (tax) procedure, State liability and relations with third States, as they appear from the case law of the Court of Justice of the EU 2. Secondary EU law in force and proposed on direct taxes: the Parent-Subsidiary Directive, the Tax Merger Directive, the Interest and Royalties Directive, cross-border tax dispute settlement instruments, the Anti-Tax Avoidance Directive and the C(C)CTB proposal 3. The exchange of information and other administrative assistance in the assessment and recovery of taxes between the EU Member States 4. Soft Law on Harmful Tax Competition 5. Procedural matters and the extent of judicial protection The upcoming second volume of this set will cover harmonization of indirect taxation, energy taxation and capital duty, as well as administrative cooperation in the field of indirect taxation. International Law [Connected eBook with Study Center] *Aspen Publishing* Buy a new version of this textbook and receive access to the Connected eBook with Study Center on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. Learn more about Connected eBooks Intended for use in an International Law survey course, International Law, Seventh Edition provides comprehensive coverage of foundational international law questions, including the nature and sources of international law, core doctrinal topics such as the subjects of international law (states and international organizations), and the jurisdictional powers and immunities of states. The book also addresses key substantive topics in international law, with reference to important contemporary foreign policy issues, such as (i) international human rights, (ii) the law of the sea, (iii) international environmental law, (iv) the use of force and the law of armed conflict, and (v) international criminal law. Key Features: New co-author Duncan Hollis of Temple Law School joins Stanford Law School's Allen Weiner as the active authors of the book. New discussions of major international developments, including the law governing the use of force [e.g., cyber operations and the military campaign against the Islamic State (ISIS)], nonproliferation (e.g., the Iranian and North Korean nuclear crises), the law of the sea (e.g., disputed maritime claims in the South China Sea), and international environmental law (e.g., the conclusion of the Paris Agreement). New case study in Chapter 1

focused on the international response to the rise of ISIS. Inclusion of extended excerpts from a number of major recent Supreme Court decisions related to international law, including *Bond v. United States* (on fundamental principles of federalism and the treaty power under Article VI of the Constitution), *Zivotofsky v. Kerry* (on the separation of powers between Congress and the President in the field of foreign affairs), and *Kiobel v. Royal Dutch Petroleum Co.* (on the Alien Tort Statute). Adopts a modern, conceptual approach to the presentation of materials on statehood (including Palestinian claims to statehood), international organizations, and international dispute resolution. *Principles of Real Estate Practice 6th Edition Performance Programs Company* *Principles of Real Estate Practice* by Mettling and Cusic is a modern learning tool for the student preparing to enter the real estate business as a licensed professional. The textbook contains the essentials of real estate law, principles, and practices taught in real estate schools and colleges across the country, including all those fundamentals that real estate educators, practicing professionals, national testing services, and state licensing officials agree are necessary for basic competence. *Principles of Real Estate Practice* covers the national requirements for the initial 30-90+ hours of classroom study, or its equivalent, mandated by state license laws across the country. *Principles of Real Estate Practice* is tailored to the needs of the pre-license student. The textbook is designed to make it easy for students to learn the material -prepare students for numerous career applications -stress practical, rather than theoretical, skills and knowledge. It is more streamlined, direct and to-the-point than other books. It includes more learning reinforcements. It has a student-oriented organization, both within each chapter and from chapter to chapter. Its examples and exercises are grounded in the authors' fifty combined years in real estate education. Table of Contents of the 6th Edition The Real Estate Business Rights in Real Estate Interests and Estates Ownership Encumbrances and Liens Transferring and Recording Title to Real Estate Real Estate Leases Land Use Planning and Control Legal Descriptions Real Estate Contract Law Agency Listing Agreements The Brokerage Business Contracts for the Sale of Real Estate Real Estate Market Economics Appraising and Estimating Market Value Real Estate Finance Real Estate Investment Real Estate Taxation Professional Practices Closings Real Estate Licensing and Regulation Risk Management Property Management Real Estate Mathematics and Formulas Glossary of Residential Style and Construction Terms Glossary of General Real Estate Terms Index Note: For some states, we have state-specific versions of *Principles of Real Estate Practice*. We also publish the Real Estate License Exam Prep (RELEP) Series of exam prep books. *Goode and McKendrick on Commercial Law 6th Edition Penguin UK* The sixth edition of the authoritative and acclaimed commercial law text 'A great book ... will be equally useful to legal practitioners, students and business people' Financial Times This sixth edition of *Goode on Commercial Law*, now retitled *Goode and McKendrick on Commercial Law*, remains the first port of call for the modern day practitioner with

its theoretical and practical coverage of commercial law in both a national and an international context. Now updated to cover the most recent legal and technical changes, this highly acclaimed and authoritative text, which is regularly cited by all courts from the Supreme Court downwards, combines a deep theoretical analysis of foundational principles with a practical approach in the context of typical commercial and financial transactions. It is also replete with diagrams and specimen forms covering a wide range of transactions. 'Searching analysis and meticulous exposition coupled with a lucid clarity of style and a relaxed lightness of touch combine to make the book not only compulsory but compulsive reading for anyone interested in its field' *Law Quarterly Review* 'A work of immense scholarship ... Professor Goode's work must be as nearly exhaustive as can be possible and as produced by Penguin is a triumph of paperback publishing' *Solicitor's Journal* 'Clear and comprehensive ... The student and practitioner will find it indispensable; the interested layperson too will benefit from it as a work of reference' *British Business* 'A veritable tour de force' *Business Law Review United States Export Controls* *Wolters Kluwer* There should be no question in the mind of any exporter about the government's intention to enforce applicable legislation and regulations. The penalties imposed by export laws and regulations are severe. Violations often lead to heavy fines and, in serious cases, to debarment from contracting with the U.S. Government, and possibly imprisonment. Additionally, the privilege of exporting can be withdrawn from firms or individuals who have violated the regulations, either for specified periods or indefinitely. Ample resources are devoted by the government to the detection and prosecution of violators. The Departments of Defense, Commerce, Homeland Security, Justice, and the several intelligence agencies cooperate in this endeavor. Knowing and willful violations receive, of course, the heaviest sanctions, but unintentional violations are by no means exempt from penalties. Parties to an export transaction are expected to know and comply with the regulations. *United States Export Controls, Sixth Edition* provides a reference to which exporters, and those who work closely with them, can refer in their daily business operations in order to comply with the myriad export rules and regulations. Thorough knowledge of the regulations is essential in finding practical solutions to export licensing problems related to specific transactions, in formulating export marketing plans to minimize the impact of controls, and in the organizing company resources to deal correctly and efficiently with both the legal requirements and the day-to-day operational demands of the export control regulations. *Contract and Related Obligation Theory, Doctrine, and Practice* *West Academic Publishing* This casebook focuses on the rules and principles of contract law, as well as the lawyer's role in planning and drafting contracts. Chapter One traces a contract case from the agreement stage, to a breakdown in the parties' relationship, to a lawsuit, to a decision in the trial court, and finally to the appellate court's opinion. It includes supporting material, including the parties' agreement, a correspondence from the lawyer to the client, the complaint, a

motion to dismiss, the answer, the trial judge's charge to the jury, the special verdict form, the trial judge's decision on motions after the verdict, and the appellate court opinion. These materials help students understand where cases come from and lawyers' various roles, including planning, negotiating, counseling, drafting, as well as litigating. Following the introduction, this casebook presents extensive material on the theory and practice of transactional planning and drafting, as well as additional materials from lawyers involved in the cases. The seventh edition offers comprehensive coverage of contract law theories of obligation, including bargain, promissory estoppel, unjust enrichment, and tort arising in the contract setting. This edition includes new cases and secondary sources on developing issues of contract law. In particular, the casebook introduces several new readings on the psychology underlying contractual obligation. The casebook highlights new approaches to the problem of assent over the internet, to the battle-of-the-forms, and to consideration. The casebook retains its strength in traditional subjects such as good faith, parol evidence, gap filling, conditional obligation, and breach, but the Seventh Edition contains fewer pages than earlier editions and is suitable for a 4, 5 or 6 hour course. Another goal of the new edition is to present interesting and enjoyable materials. It includes, among other things, cartoons, notes on unusual cases, and cases and problems involving public figures such as the Beatles, Elvis Presley, Aretha Franklin, and Michael Jordan. The Seventh Edition even highlights (through a squib case) the relationship of contract law to epic of Gilgamesh, Woody Guthrie, the Declaration of Independence, Noah and The Great Flood, Game of Thrones, Star Wars Episode V: The Empire Strikes Back, Star Trek, President Obama, and Euclid's proof of the Infinity of Primes, among other references. Principles of Political Economy With Some of Their Applications to Social Philosophy The Uniform Commercial Code Made Easy The Uniform Commercial Code Made Easy marks the first time in the history of legal education that a novel has been used as a vehicle for delivering the content of a substantive body of law; in this case, a pervasive statutory scheme The Uniform Commercial Code, law in all fifty states. Mirroring the factual assumptions upon which the UCC was drafted, The Uniform Commercial Code Made Easy places the application of these laws in concrete and interesting commercial settings where they come to life. Logical reader questions are anticipated, and answered through a variety of communication channels uniquely available to the format chosen: dialogue, memoranda of law, texting and emails, are illustrative. If you are in business, the Uniform Commercial Code directly, impacts your business hundreds, perhaps thousands of times per day. Virtually every phase of a transaction in goods, from sale or lease through financing, is impacted by the laws of the UCC. Of particular significance are those provisions which can literally save a business from going under. These potential landmines need to be identified before they are stepped on. The Uniform Commercial Code Made Easy accomplishes this important task. Consumers should understand the basic laws the

surround and govern their purchases leases and financing of goods. They should also understand, as should businesses, the impact of signing a promissory note, how the transfer of that note can affect one's rights, and how to protect one's rights when promissory notes are executed. Understanding how to protect your rights in these transactions is both empowering and essential. The mass and complexity of the Uniform Commercial Code has made comprehension and learning the content very challenging. The ease of learning is greatly enhanced by the approach utilized in *The Uniform Commercial Code Made Easy*. As one prominent attorney and author wrote in a recently published book review: Yes, Virginia, there is a Santa Claus! In this case, he comes in the form of former University of Miami School of Law professor Robert M. LeVine, who has made one of the most complicated bodies of law in the United States the Uniform Commercial Code not only comprehensible but entertaining. Tom Shuck, Esq. Past President, Federal Bar Association *Federal Bar Association Journal*, August 2111 Law students, business students, and CPA's must know the Uniform Commercial Code. It is essential to graduate from law school and is on the bar examination of every state, and the CPA examination as well. The following are illustrative of testimonials received on *The Uniform Commercial Code Made Easy*: It's true. The UCC is just as daunting as it looks, and this book is the key to unlocking its mysteries. Infused with practicality, *The Uniform Commercial Code Made Easy* combines every day transactions with straightforward law, allowing students to not only navigate the UCC with ease, but also develop a lasting understanding of the material. *The Uniform Commercial Code Made Easy*'s revolutionary approach to the UCC has extensive application both in and out of the classroom as a resource for professors and a study aid for students. *The Uniform Commercial Code Made Easy* by LeVine was my key to success in understanding the UCC, and enjoying it! Melissa Carroll Stetson University College of Law I was amazed. I never thought it possible to make the UCC interesting but I was wrong. For once I had found a book which made me understand the meaning and interrelationships among sections, and at the same time, I enjoyed reading it. F. William Harvey JD, MBA, Wharton School of Business The knowledge contained in the Uniform Commercial Code is invaluable to anyone in business, or any American who is involved in basic consumer transactions. *The Uniform Commercial Code Made Easy* creates a pathway to this level in a unique and entertaining manner. *The Law and Theory of Trade Secrecy A Handbook of Contemporary Research* Edward Elgar Publishing This timely Handbook marks a major shift in innovation studies, moving the focus of attention from the standard intellectual property regimes of copyright, patent, and trademark, to an exploration of trade secrecy and the laws governing know-how, tacit knowledge, and confidential relationships. The editors introduce the long tradition of trade secrecy protection and its emerging importance as a focus of scholarly inquiry. The book then presents theoretical, doctrinal, and comparative considerations of the foundations of trade secrecy, before moving on to study

**the impact of trade secrecy regimes on innovation and on other social values. Coverage includes topics such as sharing norms, expressive interests, culture, politics, competition, health, and the environment. This important Handbook offers the first modern exploration of trade secrecy law and will strongly appeal to intellectual property academics, and to students and lawyers practicing in the intellectual property area. Professors in competition law, constitutional law and environmental law will also find much to interest them in this book, as will innovation theorists.**
