## When You Reach Me

### (Newbery Medal Winner)

**Wendy Lamb Books** "Like *A Wrinkle in Time* (Miranda's favorite book), *When You Reach Me* far surpasses the usual whodunit or sci-fi adventure to become an incandescent exploration of 'life, death, and the beauty of it all.'" —*The Washington Post* This Newbery Medal winner that has been called "smart and mesmerizing," (*The New York Times*) and "superb" (*The Wall Street Journal*) will appeal to readers of all types, especially those who are looking for a thought-provoking mystery with a mind-blowing twist. Shortly after a fall-out with her best friend, sixth grader Miranda starts receiving mysterious notes, and she doesn't know what to do. The notes tell her that she must write a letter—a true story, and that she can't share her mission with anyone. It would be easy to ignore the strange messages, except that whoever is leaving them has an uncanny ability to predict the future. If that is the case, then Miranda has a big problem—because the notes tell her that someone is going to die, and she might be too late to stop it. Winner of the Boston Globe-Horn Book Award for Fiction A *New York Times* Bestseller and Notable Book Five Starred Reviews A Junior Library Guild Selection "Absorbing." —People "Readers ... are likely to find themselves chewing over the details of this superb and intricate tale long afterward." —*The Wall Street Journal* "Lovely and almost impossibly clever." —*The Philadelphia Inquirer* "It's easy to imagine readers studying Miranda's story as many times as she's read L'Engle's, and spending hours pondering the provocative questions it raises." —*Publishers Weekly*, Starred review

### Into the Wild

**Anchor** Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —*New York Times* In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

**Routledge** Around the world every year very many students have to complete dissertations or theses as part of their undergraduate or masters studies in tourism and related subjects. Often this substantial piece of self-directed work is the culmination of their programmes. More than just a means to consolidate their final grades, it is also an exciting chance to research a topic of their choosing and a potential gateway to more advanced study as well as job offers and future career paths. Yet for all these reasons, many students view the dissertation as a tricky challenge. This comprehensive book intends to take the stress and anxiety out of doing a dissertation in tourism studies and related disciplines. The process is examined from the germination of an idea to the submission and assessment of the final document. Written primarily for students conducting independent research for the first time, this book offers simple advice and a clear framework which students can adopt even in more advanced studies at masters and doctoral level. This book debunks popular myths, and aims to overcome common pitfalls. It focuses on the aims and objectives as the DNA of every dissertation. Dissertations are not to be underestimated and they demand great care and attention, but they can also be immensely rewarding and enriching experiences academically and personally. This 'jargon free' book is also written with overseas students specifically in mind, drawing directly on our overseas students' experiences.
