iUniverse It is a well known fact that Iraq holds not only crude nuclear devices, but also stocks upon stocks of venomous poisons and gases that once let out of their environment would kill millions of people. Saddam has the weapons and now the means to deploy them. The strange Irish hitman with no conscience and millions of dollars to perform the deed - Kill three Presidents and as many innocent Americans by using Sarin X Gas. On the wild ride to a stunning ending, there is stomach turning violence and steamy sex of two somes and three somes. The plot is thickened by the use of the U.N. building and the murder of all inside and planned attacks upon the White House and Former President George Bush along with his Son, the new President elect. Only one man can stop him and the C.I.A. looks the other way. It can happen and one day maybe will - God help us if it does!

Keeping It Real Simplified

If you are a nursing student or a new nursing graduate, what is the most important exam you will ever take? Of course the answer is the NCLEX ! ®. What makes this book different from all other review books? Utilizing Accelerated Learning Methods, we have blended a smorgasbord of learning into one book. There is opportunity to visit a large number of audio and video URLs for virtual learning. Current NCLEX ® STANDARDS from research provide the complete structure for this book and make it significant. The unique arrangement of factual nursing concepts ties the simple to the complex to make learning easier. Practice questions are clinical reasoning, high difficulty level NCLEX ® style items structured with the same percentages that are in the current test plan. Quality over quantity lessens the number of items needed for practice. Authors are NCLEX ® specialists with years of experience and current information. Author experiences provide a look at the "unseen and unspoken" that make nursing an art as well as a science. This Book is divided into eleven chapters organized around the body systems with each chapter including adult and children's health issues. Each chapter includes high-difficulty level questions, developed with the same percentages as found on the current NCLEX ® exam at the end of both the adult and pediatric sections. The entire book is 490 pages and includes a professionally prepared index.
