He also foregrounds recent scholarship on the position of Jews in Shakespeare's time and surveys the international scope and diversity of theatrical interpretations of the text in the 1980s and 1990s. He pays particular attention to the ways in which directors and actors tackle the troubling figure of Shylock. **Vocabulary with Connotative Precision** *Raymond Gosa* This vocabulary program was designed to be an in-class series of lessons taught by the teacher or an independent study assignment for high level students

who work well independently or in peer groups! It combines vocabulary acquisition with close reading in a seamless and fascinating manner! Many college and university entrance exams feature deep vocabulary knowledge as the most exact indicator of a student's potential and aptitude to do college-level work. In terms of literacy, vocabulary mastery is the key to reading fluency as well as writing clarity. Mechanics and phonemics aside, it's vocabulary power that enables the accurate, precise phrasing and interpreting of every crucial message. This text is a 500 word compendium, and is organized to make word acquisition easier. It accomplishes this by congregating the terms in synonymous groupings. In these groupings, the shades of difference become starkly manifest; thus, understanding which term is the best term for what you want to say (imply) or understand becomes a simplistic and interesting task. And, studying the terms in such groupings allows their subtleties to hail themselves; for, each subtlety is actually stated and demonstrated in a pointed, contextualized sentence. The denotations and statements contained in this reference were determined using three criteria as primary indicators: (1) most frequent current use, (2) the presence of rootwords, and (3) the etymology or historical derivation of each term. After your explorations through each of the synonymous groupings, the pre-test is provided to demonstrate the value of your study. Also, after each ten pages of study, there is a cloze exercise available in the Review Exercise sections. Before the students read the cloze narrative, a colorful Pre-Reading Prediction Graphic is provided to generate mental pictures and begin the process of plot and theme acquisition. Of course, the master test is at the end of the tenth unit.

From Observables to Unobservables in Science and Philosophy 8. The Mad Lover About the Book: The Most Dangerous Game, also published as The Hounds of Zaroff, is a short story by Richard Connell first published in *Collier's* magazine on January 19, 1924. It features a big-game hunter from New York who falls off a yacht and swims to an isolated island in the Caribbean where he is hunted by a Cossack aristocrat. The story is an adaptation of the big-game hunting safaris in Africa and South America that were fashionable among wealthy Americans in the 1920s. Big-game hunter Sanger Rainsford and his friend, Whitney, are traveling to the Amazon rainforest for a jaguar hunt. After a discussion about how they are "the hunters" instead of "the hunted," Whitney goes to bed and Rainsford hears gunshots. He climbs onto the yacht's rail and accidentally falls overboard, swimming to Ship-Trap Island, which is notorious for shipwrecks. On the island, he finds a palatial chateau inhabited by two Cossacks: the owner, General Zaroff, and his gigantic deaf-mute servant, Ivan. Zaroff, another big-game hunter, knows of Rainsford from his published account of hunting snow leopards in Tibet. Over dinner, the middle-aged Zaroff explains that although he has been hunting animals since he was a boy, he has decided that killing big-game has become boring for him, so after escaping the Russian Revolution he moved to Ship-Trap Island and set it up to trick ships into wrecking themselves on the jagged rocks that surround it. He takes the survivors captive and hunts them for sport, giving them food, clothing, a knife, and a three-hour head start, and using only a small-caliber pistol for himself. Any captives who can elude Zaroff, Ivan, and a pack of hunting dogs for three days are set free. He reveals that he has won every hunt to date. Captives are offered a choice between being hunted or turned over to Ivan, who once served as official knouter for The Great White Czar. Rainsford denounces the hunt as barbarism, but Zaroff replies by claiming that "life is for the strong." Realizing he has no way out, Rainsford reluctantly agrees to be hunted. During his head start, Rainsford lays an intricate trail in the forest and then climbs a tree. Zaroff finds him easily, but decides to play with him as a cat would with a mouse, standing underneath the tree Rainsford is hiding in, smoking a cigarette, and then abruptly departing. After the failed attempt at eluding Zaroff, Rainsford builds a Malay man-catcher, a weighted log attached to a trigger. This contraption injures Zaroff's shoulder, causing him to return home for the night, but he shouts his respect for the trap before departing. The next day Rainsford creates a Burmese tiger pit, which kills one of Zaroff's hounds. He sacrifices his knife and ties it to a sapling to make another trap, which kills Ivan when he stumbles into it. To escape Zaroff and his approaching hounds, Rainsford dives off a cliff into the sea; Zaroff, disappointed at Rainsford's apparent suicide, returns home. Zaroff smokes a pipe by his fireplace, but two issues keep him from the peace of mind: the difficulty of replacing Ivan and the uncertainty of whether Rainsford perished in his dive. About the Author : Richard Edward Connell, Jr. was an American author and journalist, best known for his short story "The Most Dangerous Game." Connell was one of the best-known American short story writers of his time and his stories appeared in the *Saturday Evening Post* and *Collier's Weekly*. Connell had equal success as a journalist and screenwriter. He was nominated for an Academy Award in 1942 for best original story for the film *Meet John Doe*. **Once** *Henry Holt and Company (BYR)* Felix, a Jewish boy in Poland in 1942, is hiding from the Nazis in a Catholic orphanage. The only problem is that he doesn't know anything about the war, and thinks he's only in the orphanage while his parents travel and try to salvage their bookselling business. And when he thinks his parents are in danger, Felix sets off to warn them-- straight into the heart of Nazi-occupied Poland. To Felix, everything is a story: Why did he get a whole carrot in his soup? It must be sign that his parents are coming to get him. Why are the Nazis burning books? They must be foreign librarians sent to clean out the orphanage's outdated library. But as Felix's journey gets increasingly dangerous, he begins to see horrors that not even stories can explain. Despite his grim surroundings, Felix never loses hope. Morris Gleitzman takes a painful subject and expertly turns it into a story filled with love, friendship, and even humor. **Cloze Comprehension with Pictorial and Context Clues** *R.I.C. The Left, Right, and Center all hate them: powerful special interests that use government power for their own private benefit. In an era when the Left hates "fat cats" and the Right despises "crony capitalists," now there is an artful and memorable one-word pejorative they can both get behind: bottleneckers. A "bottleneck" is anyone who uses government power to limit competition and thereby reap monopoly profits and other benefits. Bottleneckers work with politicians to constrict competition, entrepreneurial innovation, and opportunity. They thereby limit consumer choice; drive up consumer prices; and they support politicians who willingly overstep the constitutional limits of their powers to create, maintain, and expand these anticompetitive bottlenecks. The Institute for Justice's new book Bottleneckers coins a new word in the American lexicon, and provides a rich history and well-researched examples of bottleneckers in one occupation after another—from alcohol distributors to taxicab cartels—pointing the way to positive reforms. **Runner** Houghton Mifflin Harcourt Living with his alcoholic father on a broken-down sailboat on Puget Sound has been hard on seventeen-year-old Chance Taylor, but when his love of running leads to a high-paying job, he quickly learns that the money is not worth the risk.
