**LIFEPAC MATH GRADE 1****PART 2****LIFEPAC PRESENCE OF GOD**

Is your fifth grader too young to seriously seek God's presence? Not at all. That's why Alpha Omega Publications has produced this engaging worktext about the presence of God called the LIFEPAC 5th Grade Bible Unit 3 Worktext. Utilizing the KJV version, lessons cover interesting aspects of God's presence including God can be present everywhere at the same time, how He was present with particular Bible characters, and how He can be present with your child today. Isn't this just what a busy fifth grader needs to hear when he is surrounded by cultural messages shouting "There is no God" or "Money is our God"? This third in a series of ten worktexts will take your child step by step through Bible-based lessons that encourage him to think deeply about the significance of God's presence in his life. Want to hear more good news? LIFEPAC curriculum is based on the principle of mastery learning. That means your homeschooler masters the content and skills of one unit before progressing to the next, so you can rest easy that your child has a firm foundation in biblocal concepts. As a result, your child's confidence in his ability to learn will grow by leaps and bounds as he reads lessons, learns key vocabulary words, answers review questions, takes self tests and a removable teacher-administered test, and completes creative activities. Sounds good, doesn't it? To get your LIFEPAC 5th Grade Bible Unit 3 Worktext, just click here. You'll want to order this Alpha Omega curriculum right away!
