How to Rebuild Ford Power Stroke Diesel Engines 1994-2007

CarTech Inc This book covers the vast majority of Powerstroke Diesel engines on the road, and gives you the full story on their design. Each part of the engine is described and discussed in detail, with full-color photos of every critical component. A full and complete step-by-step engine rebuild is also included.

The Spanish Language Today

Psychology Press The Spanish Language Today describes the varied and changing Spanish language at the end of the twentieth century. Suitable for introductory level upward, this book examines: * where Spanish is spoken on a global scale * the status of Spanish within the realms of politics, education and media * the standardisation of Spanish * specific areas of linguistic variation and change * how other languages and dialects spoken in the same areas affect the Spanish language * whether new technologies are an opportunity or a threat to the Spanish language. The Spanish Language Today contains numerous extracts from contemporary press and literary sources, a glossary of technical terms and selected translations.

Structures of Reform

The Mercedarian Order in the Spanish Golden Age

BRILL This study examines the structure and being of a religious order in the context of Spanish Golden Age society. In doing so it attempts not only to place the orders into the wider pattern of Spanish politics and culture, but to capture the essence of monastic reform in Early Modern Catholic Europe.

Emblemata Hispanica

An Annotated Bibliography of Spanish Emblem Literature to the Year 1700

Emblem books—books containing pictorial representations whose symbolic meaning is expressed in words—were produced in great quantities and in numerous languages during the sixteenth and seventeenth centuries. Because literary critics and art historians increasingly recognize the importance of the emblem in Renaissance and Baroque studies, this book answers the need for a bibliography listing the locations of all known emblem books in Spanish, as well as those translated into Spanish, written by Spaniards in other languages, and polyglot editions that contain a Spanish text. Covered in this bibliography are all emblem books published from the beginning to the end of the Spanish Golden Age, as well as a wide range of secondary sources on relevant subjects, among them mythography, paradoxography, numismatics, fetes, funerals, proverbs, apothegms, antiquarianism, collecting, and pertinent studies in art history and architecture. Providing call numbers for library locations, information on facsimile reprints, and microform editions, the work is extensively indexed—by date and place of publication, by printers and booksellers, by authors and artists, and by dedicatees, as well as by subject.

The Spanish-American War and President McKinley

"Based on an earlier study, *The presidency of William McKinley*"--Pref.

Indian Captivity in Spanish America

Frontier Narratives

Even before the arrival of Europeans to the Americas, the practice of taking captives was widespread among Native Americans. Indians took captives for many reasons: to replace--by adoption--tribal members who had been lost in battle, to use as barter for needed material goods, to use as slaves, or to use for reproductive purposes. From the legendary story of John Smith's captivity in the Virginia Colony to the wildly successful narratives of New England colonists taken captive by local Indians, the genre of the captivity narrative is well known among historians and students of early American literature. Not so for Hispanic America. Fernando Operé redresses this oversight, offering the first comprehensive historical and literary account of Indian captivity in Spanish-controlled territory from the sixteenth to the twentieth century. Originally published in Spanish in 2001 as *Historias de la frontera: El cautiverio en la América hispánica*, this newly translated work reveals key insights into Native American culture in the New World's most remote regions. From the "happy captivity" of the Spanish military captain Francisco Nuñez de Pineda y Bascuñán, who in 1628 spent six congenial months with the Araucanian Indians on the Chilean frontier, to the harrowing nineteenth-century adventures of foreigners taken captive in the Argentine Pampas and Patagonia; from the declaraciones of the many captives rescued in the Rio de la Plata region of Argentina in the seventeenth and eighteenth centuries, to the riveting story of Helena Valero, who spent twenty-four years among the Yanomamö in Venezuela during the mid-twentieth century, Operé's vibrant history spans the entire gamut of Spain's far-flung frontiers. Eventually focusing on the role of captivity in Latin American literature, Operé convincingly shows how the captivity genre evolved over time, first to promote territorial expansion and deny intercultural connections during the colonial era, and later to romanticize the frontier in the service of nationalism after independence. This important book is thus multidisciplinary in its concept, providing ethnographic, historical, and literary insights into the lives and customs of Native Americans and their captives in the New World.

The Inside Story of an American Oceanographic Expedition

University of Georgia Press The author recounts his journey around the pristine coast of Cuba with American and Cuban Marine biologist in search of the island's legendary coastal biological diversity. (Biology & Natural History)

Producing the Pacific

Maps and Narratives of Spanish Exploration (1567-1606)

Annotation. "Producing the Pacific offers the reader an interdisciplinary reading of the maps, narratives and rituals related to the three Spanish voyages to the South Pacific that took place between 1567 and 1606. These journeys were led by Alvaro de Mendana, Pedro Fernandez de Quiros and Isabel Barreto, the first woman ever to become admiral of and command a fleet." "Mercedes Maroto Camino presents a cultural analysis of these journeys takes issue with some established notions about the value of the past and the way it is always rewritten from the perspective of the present. She highlights the social, political and cultural environment in which maps and narratives circulate, suggesting that their significance is always subject to negotiation and transformation." "The tapestry created by the interpretation of maps, narratives and rituals affords a view not only of the minds of the first men and women who traversed the Pacific but also of how they saw the ocean, its islands and their peoples. It should, therefore, be of relevance to those interested in history, voyages, colonialism, cartography, anthropology and cultural studies." "The study of these cultural products contributes to an interpretive history of colonialism at the same time that it challenges the beliefs and assumptions that underscore our understanding of that history."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The Politics of Language in the Spanish-speaking World

From Colonisation to Globalisation

Psychology Press Spanish is now the third most widely spoken language in the world after English and Chinese. This book traces how and why Spanish has arrived at this position, examining its role in the diverse societies where it is spoken from Europe to the Americas. Providing a comprehensive survey of language issues in the Spanish-speaking world, the book outlines the historical roots of the emergence of Spanish or Castilian as the dominant language, analyzes the situation of minority language groups, and traces the role of Spanish and its colonial heritage in Latin America. The book is structured in four sections: * Spanish as a national language: conflict and hegemony * Legislation and the realities of linguistic diversity * Language and education * The future of Spanish. Throughout the book Clare Mar-Molinero asks probing questions such as: How does language relate to power? What is its link with identity? What is the role of language in nation-building? Who decides how language is taught?

Backpacker

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Art and Death at the Spanish Habsburg Court

The Royal Exequies for Philip IV

When King Philip IV of Spain died on September 17, 1665, he had ruled the Spanish empire for more than 44 years. In keeping with Habsburg tradition, following the entombment the Court undertook royal exequies, or funerary honours, intended to commemorate the deceased and to reassure his subjects that the monarchy would continue in an orderly fashion. These observances took place in a church adorned with a majestic ensemble of temporary decorations that had been designed especially for the occasion.

Traditional Arts of Spanish New Mexico

The Hispanic Heritage Wing at the Museum of International Folk Art

Through Jonson's masterpieces explores the intimate confluence of visual art and music that defined twentieth-century modernism.

Huarocharí, an Andean Society Under Inca and Spanish Rule

This is the first attempt at synthesis of the varied data—ethnographic, historical, archaeological, and archival—on the impact of the Spanish conquest and Spanish rule on Indian society in Peru. Although the Huarocharí region is a source of most of the case histories and illustrative material, this is not a narrow regional study but a major work illuminating one of the two centers, along with Mexico, of settled Indian civilization and Spanish occupation in America. The author delineates the basic relationships upon which local Andean society was based, notably the kinship relations that, under the Incas, made possible the production of great surpluses and their efficient distribution in a region where markets were totally unknown. She then traces the impact of the Spanish colonial system upon Andean society, examining how the Indians responded to or resisted the political structures imposed upon them, and how they dealt with, were exploited by, or benefited from the Europeans who occupied their land and made it their own. This is the story of a social relationship—a relationship of inequality and oppression—that endured for centuries of Spanish rule, and inevitably led to the collapse of Andean society.

A Time of Triumph and of Sorrow

Spanish Politics During the Reign of Alfonso XII, 1874-1885

This first study in English of the reign of Alfonso XII and the creation of a quasi-parliamentary monarchy revises the previously held estimate of the leadership of the frail young king, removing him from the shadow of his minister, the pragmatic Antonio Cánovas del Castillo, whom Spanish historians have credited with the accomplishments of the reign of Alfonso. Turning to the diplomatic reports of German, British, and American envoys, Beck, an established German historian, shows that Alfonso and Cánovas worked together as a team and that their "triumphs"—the reestablishment of Spain's royal family, the adoption of the constitution which was to survive until 1931, and the stabilizing of an alliance of military factions into a nation—were offset by their "sorrows"—the complex factors of the king's ill health, the weight of tradition, national decline, and floods, earthquakes, and cholera, which were too great for human leaders to overcome.

Spanish Peaks

Land and Legends

University of Oklahoma Press *The Spanish Peaks stand alone some distance from the main cordillera of the Sangre de Cristo Mountains, south of Pueblo, Colorado. The towering twin mountains have served as beacons for Native Americans, Spaniards, trappers, traders, travelers on the Santa Fe trail, miners, and homesteaders. Spanish Peaks shares the legends the mountains have inspired and tells of the peoples drawn to the peaks' shelter. Author Conger Beasley Jr. and photographer Barbara Sparks portray the people who struggle to sustain their lives here and document traditional events such as the Ute Bear Dance and Holy Week among the penitentes of Huerfano Church. Beasley's vivid writing and Sparks's photographs offer tribute to a rugged, mysterious place.*

The Doomed Expedition

The Campaign in Norway, 1940

Pen and Sword *The Doomed Expedition tells the story of the counter against the German invasion of Norway and its failings.*

A study of how the Franciscan order struggled with and accommodated itself to a reduction in status and power in eighteenth-century New Mexico.

Spanish Romanticism and the Uses of History

Ideology and the Historical Imagination

Routledge *Other matters considered include the medieval revival, the rejection of Enlightenment formulae, the fear of an absent but psychologically potent Revolution, Romantic diagnoses of nineteenth-century reality within the prism of the 'Two Spains', and the entailments of Romantic literary history and its construction of a casticista cultural identity.* --Jacket.

The Lewis and Clark Companion

An Encyclopedic Guide to the Voyage of Discovery

Macmillan *"Undaunted courage they may have had, but the sheer volume of information related to their expedition can be more than a little daunting to the armchair historian. Written by two highly regarded Lewis and Clark experts, this book contains more than five hundred entries on everything from the members of the expedition and the places they went, to the weapons and tools, trade goods and medicines they carried, along with the food and amusements that sustained them. This book is both the perfect introduction to the Lewis and Clark adventure and the comprehensive guide no serious enthusiast will want to be without."* --BOOK JACKET.

American Light Trucks and Utility Vehicles, 1967-1989

Every Model, Year by Year

McFarland *The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more. Finally, each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.*

Caudillos in Spanish America, 1800-1850

Oxford University Press on Demand *The caudillo of Spanish America was both regional chieftain and, in the turbulent years of the early nineteenth century, national leader. His power base rested on ownership of land and control of armed bands. He was the rival of constitutional rulers and the precursor of modern dictators. His is a dominant figure in Latin American history. In this book John Lynch explores the changing character of the caudillo--bandit chief, guerrilla leader, republican hero--and examines his multi-faceted role as regional strongman war leader, landowner, distributor of patronage, and the 'necessary gendarme' who maintained social order. Professor Lynch traces the origins and development of the caudillo tradition, and sets it in its contemporary context. His scholarly analysis of this central theme in the history of Spanish America is underpinned by detailed case-studies of four major caudillos: Juan Manuel de Rosas (Argentina), Jose Antonio Paez (Venezuela), Antonio Lopez de Santa Anna (Mexico), and Rafael Carrera (Guatemala). This is an important contribution to our understanding of political and social structures during the formative period of the nation-state in Spanish America.*

Arms for Spain

The Untold Story of the Spanish Civil War

John Murray *Describes how the arms dealers made victory impossible for the Republicans in the Spanish Civil War. Using archive material from Spain, Russia, the Americas, and eastern and western Europe Howson shows how the international arms embargo was circumvented by the Nationalists, leaving the Republicans to buy from illegal sources at extortionate prices.*
