The Discipline of Market Leaders

Choose Your Customers, Narrow Your Focus, Dominate Your Market

Basic Books **Why is it that Casio can sell a calculator more cheaply than Kellogg's can sell a box of corn flakes? Why can FedEx "absolutely, positively" deliver your package overnight but airlines have trouble keeping track of your bags? What does your company do better than anyone else? What unique value do you provide to your customers? How will you increase that value next year? As customers' demands for the highest quality products, best services, and lowest prices increase daily, the rules for market leadership are changing. Once powerful companies that haven't gotten the message are faltering, while others, new and old, are thriving. In disarmingly simple and provocative terms, Treacy and Wiersema show what it takes to become a leader in your market, and stay there, in an ever more sophisticated and demanding world.**

The last two are even more challenging in length and level for those of you getting ready for Advanced Korean! - The summaries follow the story: a synopsis in Korean and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. Use them if you're having trouble. - At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Korean, allowing you the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after (and in English), but no cheating! We want you to feel comfortable while mastering the Korean tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Entrepreneurial Life: The Path From Startup to Market Leader

Lulu.com **Entrepreneurial Life** tells the fascinating history of **CaptiveAire**, the largest commercial kitchen ventilation company in North America. From the beginning, **CaptiveAire's** story is not a typical one. Forged by **Bob Luddy** during a growing recession, with little capital, and as a newcomer to the region-his startup should not have survived, much less taken the trajectory it has had. In these pages, **Luddy** shares some of the values he learned as one of eight children in a "hard-scrabble, can-do" family and details his take on the type of leadership, innovation, financial management, and marketing strategy that has spurred his manufacturing company to grow at a remarkable pace over the course of forty-plus years at the helm. **Entrepreneurial Life** reveals **Luddy's** philosophy on all things entrepreneurship, character, and the skills necessary for achieving your fullest potential, no matter what your calling.
