DIANE Publishing

The Catholic Church from Within

Twelve Years a Slave

Prabhat Prakashan "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Get Organized

How to Clean Up Your Messy Digital Life

PC Mag Cutting out clutter might be the best thing you've ever done, not just in your closet, but also on your computer, smartphone, email, and online accounts. Get Organized: How to Clean Up Your Messy Digital Life is a how-to guide for reimagining your digital life and getting it to a happier and more productive place. Author and software expert Jill Duffy shows you the apps, websites, and other freely available tools you'll need to put your life back in order. You'll learn how to: . Organize a computer so you can find what you need when you need it. . Streamline your email to clear out your inbox for good. . Protect your most important data with powerful passwords and simple backup solutions. . Clean up your photos, music, and social media accounts-and keep them that way. . Manage your finances and your online presence, both now and after you die. . And much more! "Fixing our relationship with email and introducing people to tools that can help them effectively manage their inboxes is important, and Jill Duffy's book provides concrete suggestions on how to make changes needed to organize our lives." - Gentry Underwood, cofounder of Mailbox "Even if you've never met a filing system you'd actually use, you can pick up tips from Jill's surprisingly wry manual for cleaning up your digital life. From dreaming up better passwords to choosing social media headshots, Jill's got it all covered -- and organized for you, too." - Laura Vanderkam, author of What the Most Successful People Do Before Breakfast and 168 Hours: You Have More Time Than You Think PC Mag, the most trusted online brand for digital product reviews and news, is proud to offer this essential guide for living a better, more productive digital life. Building a PC in Easy Steps

In Easy Steps Limited A guide to building a custom PC covers such topics as CPUs, memory, motherboards, system cases, video systems, monitors, hard drives, input devices, testing and setting up the system, and peripherals.

Achtung-Panzer!

The Development of Armoured Forces, Their Tactics and Operational Potential

Arms & Armour This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Hash Crack

Password Cracking Manual

Designing Costume for Stage and Screen

Batsford "She is the most wonderfully inventive and brilliantly talented designer" Dame Judi Dench on Clancy. Deirdre Clancy is one of the most experienced and accomplished costume designers in the business. In this book, she gives her inside knowledge of designing for stage and screen, which includes television, film, theatre and opera. She includes a brief illustrated history of costume design - from the Greeks to Lady Gaga - an invaluable guide for students and current designers. Part Two takes the reader through the design process: how you go about doing it, and the different strands of costume design - from contemporary clothes through to period costume, how to communicate with the audience, designing on paper and with Photoshop or on an iPad and how to share and communicate your ideas and well as mood boards and collages for inspiration. Part Three is about the world of costume design - what it involves and how to get into the field, who does what and the differences between working for stage and screen productions. Clancy advises on budgets and improvisation and covers all the practicalities and behind-the-scenes tips. Part Four looks at period costume from the Dark Ages up to the twentieth century, encompassing authenticity and feasibility. Finally, Part Five looks at individual case studies in depth, including opera and Shakespeare productions. Packed with great drawings and case studies, this is an essential book for any student or professional costume designer looking for additional inside advice. Whether you are a designer for the stage or screen, this book has something new for you with advice from one of the best in the business.

Official Manual of the Tennessee Real Estate Commission

The CTO's Guide to Code Quality

PHP Edition

This is not a book about algorithms. This is not a book about architecture. This is not a book about frameworks. This is not even a book about project management, agile or otherwise. This is a book about "the other things" that are important to writing and maintaining a sustainable code base. It's also a book about automation of parts of the programming process. If you're a CTO, the economic case for "code quality plus automation" is already strong, and getting stronger with each new iteration of hardware. If you're a programmer (maybe aspiring to be a CTO), it's about being able to concentrate on the stimulating, interesting, and creative parts of the craft, and getting the tedious parts done for you. Much of the book is about the general craft of programming and helping programmers become more productive, and should be useful no matter what programming language(s) you've chosen. However, I find it works better to illustrate principles with examples. And this edition of the book picks examples from the PHP programming language.

Kids Coloring Book

52 Letters of the Alphabet with Animals, Fruits and Other Objects for Toddlers to Color

Kids Coloring Book contains 52 Capital letters and small letters, animals and fruits for toddlers to color and have fun. It's 8.5 x 11 inches, 106 pages. It allows to work on a single side for an easy cut and display.

Nudes

Fiction. Women's Studies. Short Stories. Beginning with a story of an ex sex-worker drifting through a small rural town in the south, and ending with a young woman's wedding night, who learns from her new husband what it takes to kill a man, Nash writes across the complications of working class women, rendering their desires with visceral prose and psychologically dissecting the fundamental root that threads her work: craving and the conflicts within.

Murphy's Journal

Something different - beautiful starfish on an ocean beach - personalized journal. Large size 8.5 x 11" with 200 lined pages on the interior. Use the book for journaling, creative writing, notes, or as a travel diary. The larger size makes writing easier for the book to stay open at the fold and for writing on both pages. Exterior features the name "Murphy." Great stocking stuffer or party favor. Inspiration comes from blank pages.
