COMPLETE DO-IT-YOURSELF MANUAL NEWLY UPDATED

Simon and Schuster The leading manual for home improvements is getting an update to address current codes, latest materials, tools and technology. The bestselling, most comprehensive guide to home improvements has been revised and updated once again since it's revision in 2005. Over 10 million copies of READER'S DIGEST COMPLETE DO-IT-YOURSELF MANUAL have been sold since it's original publication in 1973. In 2005, the manual got bigger and better than ever, when The Family Handyman and Reader's Digest joined forces and completely revised, updated, rewrote, and redesigned this home improvement classic. Now in 2014, The Family Handyman has once again updated and revised this do-it-yourself classic to make it relevant to today's homeowners and DIYers.. Written in a style of text that addresses readers in a very accessible, conversational tone for easy, user-friendly assistance with every do-it-yourself task. All instructions and materials have been updated to address current codes (electrical, plumbing and building), and revised to indicate the very latest in materials, tools, and technology. Suitable for beginners and experts alike, this newly revised edition includes:

- Over 3,000 photos and illustrations to make complex projects and repairs easy to understand
- Twice as many storage projects that help home owners cut clutter
- New building materials that yield great-looking, long-lasting results—and low maintenance!
- New technology that lets homeowners save energy, add convenience or improve security.
- New building codes that make homes safer, more energy-efficient and trouble-free.

The book's tried-and-true instructions provide do-it-yourself solutions to a ton of problems that could cost a fortune if you had to hire a professional. This manual is a "must-have" reference guide for every home-owning man or woman.

GUILTY MINDS

Penguin New York Times bestselling author Joseph Finder delivers an exhilarating and timely thriller exploring how even the most powerful among us can be brought down by a carefully crafted lie and how the secrets we keep can never truly stay buried. The chief justice of the Supreme Court is about to be defamed, his career destroyed, by a powerful gossip website that specializes in dirt on celebs and politicians. Their top reporter has written an exposé claiming that he had liaisons with an escort, a young woman prepared to tell the world her salacious tale. But the chief justice is not without allies and his greatest supporter is determined to stop the story in its tracks. Nick Heller is a private spy—an intelligence operative based in Boston, hired by lawyers, politicians, and even foreign governments. A high-powered investigator with a penchant for doing things his own way, he's called to Washington, DC, to help out in this delicate, potentially explosive situation. Nick has just forty-eight hours to disprove the story about the chief justice. But when the call girl is found murdered, the case takes a dangerous turn, and Nick resolves to find the mastermind behind the conspiracy before anyone else falls victim to the maelstrom of political scandal and ruined reputations predicated upon one long-buried secret.

THE 2,000 PERCENT SOLUTION

FREE YOUR ORGANIZATION FROM STALLED THINKING TO ACHIEVE EXPONENTIAL SUCCESS

iUniverse Organizations, like people, are creatures of habit. They tend to approach problems in predictable ways. This revolutionary book argues that such ingrained habits, which often masquerade as efficient procedures, actually obstruct growth. The 2,000 Percent Solution introduces "stall busting," a process that shows you how to recognize typical stalls (like poor communications, disbelief, misconceptions, procrastination, tradition and bureaucracy) and how to overcome them. Through unorthodox examples ranging from the sinking of the Titanic to sketches attributed to Leonardo da Vinci for a bicycle, The 2,000 Percent Solution redirects knee-jerk reactions onto more productive paths. In addition, you'll learn about a new set of thought processes for designing and implementing solutions that will reap benefits 20 times greater or faster than the same tired "normal" solutions. Packed with specific examples, advice and questions to help you improve your organization's process weaknesses, you'll learn how to go beyond today's best practices into the uncharted realm of what needs to be imagined and accomplished. Since the first printing of this book in 1999, organizations all over the world have made The 2,000 Percent Solution a daily resource for overcoming the dual challenges of tough competitors and a difficult business environment. We are particularly pleased that the book has become popular in the rapidly growing and changing markets of China. Readers say the advice and examples are as timely today as when the book was first published. We look forward to hearing your comments and questions at mitchell@mitchellandco.com.
