KEY=CHRISTIANITY - AVERY AVILA

From Jesus to Christ

The Origins of the New Testament Images of Jesus (Second Edition)

Yale University Press "Magisterial. . . . A learned, brilliant and enjoyable study."—Géza Vermès, *Times Literary Supplement* In this exciting book, Paula Fredriksen explains the variety of New Testament images of Jesus by exploring the ways that the new Christian communities interpreted his mission and message in light of the delay of the Kingdom he had preached. This edition includes an introduction reviews the most recent scholarship on Jesus and its implications for both history and theology. "Brilliant and lucidly written, full of original and fascinating insights."—Reginald H. Fuller, *Journal of the American Academy of Religion* "This is a first-rate work of a first-rate historian."—James D. Tabor, *Journal of Religion* "Fredriksen confronts her documents—principally the writings of the New Testament—as an archaeologist would an especially rich complex site. With great care she distinguishes the literary images from historical fact. As she does so, she explains the images of Jesus in terms of the strategies and purposes of the writers Paul, Matthew, Mark, Luke, and John."—Thomas D'Evelyn, *Christian Science Monitor*

The Complete Idiot's Guide to the Roman Empire

Penguin You're no idiot, of course. The battle scenes in *Gladiator* had you on the edge of your seat and wondering where you could find more information on the rise and fall of ancient Rome. But so far, your search has left you feeling like a blundering barbarian. Pick yourself up off the coliseum floor! Consult *The Complete Idiot's Guide® to the Roman Empire*—a fun-to-read introduction to the fascinating history, people, and culture of ancient Rome. In this *Complete Idiot's Guide®*, you get: --The history of the Roman Empire's rise and fall. --An idiot-proof introduction to the great epic literature of the Roman Republic. --A survey of the Romans in arts and popular culture. --Fascinating details of some of history's most nefarious emperors, including Nero, Caligula, and Commodus.

THE GUIDE TO ANSWERING ISLAM

What Every Christian Needs to Know About Islam and the Rise of Radical Islam

Christian Publishing House The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians, Jews, and even young little children, not to mention Muslims with which they disagree. However, the average Christian does not know their true beliefs, just how many there are, to the extent they will go to carry out these beliefs. Daily we find Islamic commentators on the TV and radio, offering up misleading information, quoting certain portions of the Quran while leaving other parts out. When considering Islamic beliefs, other Islamic writings must be considered, like the Hadith or Sunnah, and the Shariah, or canon law. While Islam, in general, does not support radical Islam, the vast majority do support radical beliefs. For example, beheadings, stoning for adultery or homosexuality, suicide bombings, turning the world into an Islamic state, and far too many other heinous things. *THE GUIDE TO ANSWERING ISLAM* provides Christians with an overview of Islamic terminology. The reader will learn about Muhammad's calling, the history of the Quran, how Islam expanded, the death of Muhammad and the splinter groups that followed. In addition, the three sources of their teaching, six pillars of belief, five pillars of Islam, the twelfth Imam, and much more will be discussed. While there are several books on Islam and radical

Islam, this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths. THE GUIDE TO ISLAM will be an effective evangelism tool. In addition, each chapter will end with review questions, helping the reader recall the main points of the chapter. Therefore, it can be studied alone or in a church Bible study setting. THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church. There are many recent books written by Christians about Islam, and there are many books written recently about radical Islam. However, none of these recent books attempts to do what has been done, which is to give an adequate portrayal of Islam, critiqued by history and Christian doctrine, and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian's perspective.

The Rise of Christianity

A Sociologist Reconsiders History

Princeton University Press The idea that Christianity started as a clandestine movement among the poor is a widely accepted notion. Yet it is one of many myths that must be discarded if we are to understand just how a tiny messianic movement on the edge of the Roman Empire became the dominant faith of Western civilization. In a fast-paced, highly readable book that addresses beliefs as well as historical facts, Rodney Stark brings a sociologist's perspective to bear on the puzzle behind the success of early Christianity. He comes equipped not only with the logic and methods of social science but also with insights gathered firsthand into why people convert and how new religious groups recruit members. He digs deep into the historical evidence on many issues--such as the social background of converts, the mission to the Jews, the status of women in the church, the role of martyrdom--to provide a vivid and unconventional account of early Christianity. The author plots the most plausible curve of Christian growth from the year 40 to 300. By the time of Constantine, Christianity had become a considerable force, with growth patterns very similar to those of modern-day successful religious movements. An unusual number of Christian converts, for example, came from the educated, cosmopolitan classes. Because it offered a new perspective on familiar concepts and was not linked to ethnicity, Christianity had a large following among persons seeking to assimilate into the dominant culture, mainly Hellenized Jews. The oversupply of women in Christian communities--due partly to the respect and protection they received--led to intermarriages with pagans, hence more conversions, and to a high fertility rate. Stark points out, too, the role played by selflessness and faith. Amidst the epidemics, fires, and other disasters that beleaguered Greco-Roman cities, Christian communities were a stronghold of mutual aid, which resulted in a survival rate far greater than that of the pagans. In the meantime, voluntary martyrdom, especially a generation after the death of Christ, reinforced the commitment of the Christian rank and file. What Stark ultimately offers is a multifaceted portrait of early Christianity, one that appeals to practical reasoning, historical curiosity, and personal reflection.

The Christian's Dictionary; Or, Sure Guide to Divine Knowledge

Containing a Full and Familiar Explanation of All the Remarkable Words Made Use Of, in the Holy Scriptures, and in the Writings of the Most Eminent and Pious Divines, Whether Ancient Or Modern ... To which is Added, a Brief Explication of All the Proper Names Found in Sacred Scripture ...

ABC-CLIO An outstanding resource for high school readers and first-year college students, this book explores early Christianity from its beginnings in the first century through the fourth century when Christianity went from a persecuted faith to the only legalized faith in the Roman Empire. • Provides readers with a broad understanding of early Christianity from the time of Jesus to the fall of Rome and an appreciation for how early Christian communities spread throughout the Empire • Examines a number of key topics that relate to the varied communities that made up early Christianity • Provides readers with multiple primary documents in order to better understand early Christianity and offer opportunities to apply their critical thinking skills • Supports NCHS World History content standards for Era 3, Standard 3B

A Guide to Romantic Love: the Romantic Character and the Romantic Tradition

Lulu.com Romantic love is something that is actually a product of a romantic culture. It's a product of its traditions and of the character of those who subscribe to its values. In this comprehensive guide you will not only learn about the romantic character and the traditions that enable you to cultivate romantic love in your life, you will also learn about the culture itself as well as its history, enabling you to develop a profound understanding and appreciation for this culture and the unique type of relationship that it yields. This guide isn't just about creating romantic relationships or about culture. It's about self-improvement; about building character, about potential and about becoming complete in the process. Since our relationships are a reflection of who we are, then the improvement of our relationships naturally begins with the improvement of ourselves. Peoples of the romantic culture have captured the hearts of the world for centuries. Their enigmatic ways provoke fascination and curiosity among those foreign to their cultures. The mystery of their enigmatic ways is solved once and for all by providing you with a window into their seemingly magical world. At the same time you will learn how to take part in their culture in order to create your own enigmatic persona, and your own magical and truly romantic and loving relationships.

Historiography: An Introductory Guide

A&C Black "What is historiography?" asked the American historian Carl Becker in 1938. Professional historians continue to argue over the meaning of the term. This book challenges the view of historiography as an esoteric subject by presenting an accessible and concise overview of the history of historical writing from the Renaissance to the present. Historiography plays an integral role in aiding undergraduate students to better understand the nature and purpose of historical analysis more generally by examining the many conflicting ways that historians have defined and approached history. By demonstrating how these historians have differed in both their interpretations of specific historical events and their definitions of history itself, this book conveys to students the interpretive character of history as a discipline and the way that the historian's context and subjective perspective influence his or her understanding of the past.

The Patient Ferment of the Early Church

The Improbable Rise of Christianity in the Roman Empire

Baker Academic [How and why did the early church grow in the first four hundred years despite disincentives, harassment, and occasional persecution? In this unique historical study, veteran scholar Alan Kreider delivers the fruit of a lifetime of study as he tells the amazing story of the spread of Christianity in the Roman Empire. Challenging traditional understandings, Kreider contends the church grew because the virtue of patience was of central importance in the life and witness of the early Christians. They wrote about patience, not evangelism, and reflected on prayer, catechesis, and worship, yet the church grew--not by specific strategies but by patient ferment.](#)

The Complete Guide to Christian Denominations

Understanding the History, Beliefs, and Differences

Harvest House Publishers [Do you ever wonder what the difference is between one denomination and another? Why are there so many kinds of Baptist or Presbyterian or Lutheran churches? Where do those names come from, anyway? You can find answers in this concise but comprehensive guide. Learn about the leaders, teachings, and history of most of the church families in America. In addition to membership statistics, you'll find... a brief explanation of how the denomination began a short summary of its teaching on God, the Bible, the church, and other important topics a quick overview of some of its distinctive characteristics Whether you're looking for a new church or enriching your fellowship with believers from other traditions, you'll be much better prepared with this revised and expanded edition of The Complete Guide to Christian Denominations.](#)

The Complete Idiot's Guide to Early Christianity

Penguin [With around 2 billion followers, Christianity is the most widespread religion in the world. Especially dominant in the western world, today's Christianity has a wide variety of forms, beliefs, and practices. But what kind of world was Jesus of Nazareth born into? How was the initial Christian message received by the different cultures into which it was spread? What was its early background and foundation, and how did it set the stage for what Christianity became? The Complete Idiot's Guide to Early Christianity explores who the early Christians were, how they lived, what they believed-and what their impact was on the church we know today.](#)

A Practical Guide To The Logic, Philosophy and Thoughts of Christianity

APD SKEG Pte Ltd [Why do so many people on this planet believe in a divine being? Is it logical to believe in one? There are so many claims by so many religions, so which is real and logical? Religious sects cannot even agree amongst themselves on doctrines, how can there be a One true divine being then? Why do Christians believe this? Can 'evolution' and 'God' co-exist? This book uses logic and modern day examples to explain the numerous questions that may flood atheists, agnostics and Christians alike. As society progresses in the direction of science and technology, logic and scientific validation plays an increasing role in everyday thought processes. In the scientific and logical world, religion, faith, and beliefs get continuously challenged. Many once-faithful Christians may begin to question their Christian beliefs, or get confused on the validity of the numerous doctrines and teachings of various Christian sects. Similarly, the agnostic is thrown into confusion amongst the claims of the many Christian sects on the 'Truth'. On the other end of the spectrum, the hard-core atheist begins to increasingly question the intelligence of these individuals that still believe in some sort of divine being\(s\). To address these, this book utilizes logical arguments, and expositions of modern day examples in hopes to bring a clearer picture to issues dealing with a divine creator, the search for the truth,](#)

and certain issues in Christianity.

A Christian Survival Guide

A Lifeline to Faith and Growth

Kregel Academic No one ever plans to fail in their faith. We all think we'll be the kind of Christian who follows the straight and narrow, ending our days with the relief of knowing we were ultimately a good and faithful servant. So why do so many leave that road? What enables some to survive as Christians when so many others have faltered? With *A Christian Survival Guide*, Ed Czerwinski steps up to be your trail guide and provide some possible answers. He addresses some of the biggest, toughest questions in Christianity, including: - Disturbing Bible stories - Hell and what it means - Does the Bible have to be "true"? - The question of evil- Money and the church- Evangelizing when no one wants to listen Candid and wry, Czerwinski deals with the tension of hard questions without resorting to empty answers, cliches, relativism, or the smug certainty that can so often drive seekers and strugglers further away. This popular blogger also has a knack of making long-ago biblical figures absolutely recognizable in today's issues. This survival guide is not meant to be a "one size fits all" handbook. It is a first step to confronting the big issues and challenges of a life of faith--even the ones that Christians fear most. Czerwinski writes for those who both care and question deeply, and offers survival tips to help readers move from living on the edge to a place of health and life.

The World of the First Christians

A Curious Kid's Guide to the Early Church

Beaming Books The life and teachings of Jesus changed the world forever--but what happened after the events of the Gospels? How did Christianity grow from a small group of followers to one of the largest religious movements in human history? How did the first Christians survive in an oppressive Roman Empire? What did the early church believe, and how did they worship? *The World of the First Christians: A Curious Kid's Guide to the Early Church* answers these questions and more, with colorful illustrations, charts, graphs, maps, and other infographics that will keep kids' attention for hours and give them new insight and understanding into the early growth of the Christian faith. Curious Kids' Guides present cool and surprising information about Christian history and beliefs in an entertaining, visually engaging way for kids.

The Problem of Jesus Study Guide

Answering a Skeptic's Challenges to the Scandal of Jesus

Zondervan Jesus has never been more popular. Some love him, applauding him as a good teacher, a political revolutionary, or a prophetic voice speaking out against the rich and powerful. Others find him bigoted, old-fashioned, and narrow minded, even as they are forced to admit that his words and teachings are utterly unique. His presence infuses our political discussions and our dinner table debates, making him impossible to ignore. Yet sadly, in many churches today, the Jesus we meet is nothing more than a kindly man with children on his lap and a smile on his face. He is presented as a good person, a positive influence--a mixture of Mr. Rogers and Tony Robbins. The Jesus of American Christianity is meek, gentle, safe, and fun, always ready to be your best friend. When we dig more deeply into the Bible, we discover a very different picture. Wherever Jesus went in his life, from the day he was born until the day he died, scandal and controversy followed him. Be warned. If you investigate Jesus beyond the superficial glance most give him today you will be challenged and confronted. Jesus creates in each person who encounters him a crisis of faith, forcing us to a point of decision. When used together with *The Problem of Jesus, A Video Study*, this study guide helps you look beyond the superficial understandings of Jesus to examine his hard-hitting claims and teachings, including: The reliable evidence that Jesus was a real, historical figure The oft-unexamined cost of following Jesus His claim to be God, the Creator of all, worthy of worship His teachings and stories, which have always offended religious people His miracles and actions, what they meant in the ancient world--and today The claims of Jesus to be the only, exclusive path to God *The Problem of Jesus Study Guide* confronts you with the real Jesus of history, asking you to wrestle with the teachings, claims, and actions of the man who has forever altered the course of human history. Every person must make their own decision about Jesus, choosing how they will live in light of the answers they discover about this amazing man.

Essentials of Christianity and Spiritual Growth

A Guide for New Christians and Christians Who Need to Be Renewed

WestBow Press For some time, I had a strong desire to know God in a deeper relationship. What I have learned so far has been stunning and continues to be. God guided me all the way, and I would like for others to share my journey. I encourage new Christians, seekers of God's truth, and those needing renewal in God and Christ to join me on the journey to a deeper relationship with God.

Pagans and Christians in Late Antiquity

A Sourcebook

Psychology Press In this book A.D. Lee charts the rise to dominance of Christianity in the Roman empire. Using translated texts he explains the fortunes of both Pagans and Christians from the upheavals of the 3rd Century to the increasingly tumultuous times of the 5th and 6th centuries. The book also examines important themes in Late Antiquity such as the growth of monasticism, the emerging power of bishops and the development of pilgrimage, and looks at the fate of other significant religious groups including the Jews, Zoroastrians and Manichaeans.

A Guide to Universal Truths

Planet Earth, How Did We Get Here? What Is Our Purpose? Where Are We Going?

A Guide to Universal Truths New York Times best selling author Ellen Tanner Marsh: "What is the ultimate truth about life? For centuries, learned minds have struggled to seek the answer. Now, in the groundbreaking and thought-provoking book *A Guide to Universal Truths*, explores powerful evidence ... that we were created by an infinitely superior and perfect Being who gave us free will so that we might evolve [spiritually]. Fertig's book just might have touched on the ultimate answers to the purpose and meaning of life on earth. ...Boldly stated and beautifully written, *A Guide to Universal Truths* is clearly a roadmap to our higher purpose." Fertig's book answers most of "The God Delusion" issues. "Faith and reason are not only compatible, but are essential for a fuller, richer spiritual life," the author concludes. A chapter on Islam & Christianity covers theological, cultural, and historical differences, so that one may better appreciate where both sides are coming from. Muslims, after reviewing these differences, might consider what Christianity offers.

True Discipleship Companion Guide

The Art of Following Jesus

Moody Publishers Most of us would answer 'No' when asked if we were like Jesus. So how do we become more like Jesus? John Koessler believes the answer is by understanding and developing the marks of a true disciple in our lives. In *True Discipleship* and this companion guide, he provides a straightforward presentation of the characteristics Jesus laid out for His disciples. As he offers teaching on the practice of discipleship and the responsibility of being a disciple, readers will be stretched in their thinking and encouraged in their journey. With Scripture studies, reflection questions, and areas for writing down thoughts, this companion guide will help you internalize what God's Word identifies as marks of a true Christian. Perfect for individual study, small groups, or the classroom.

The Comprehensive Guide to Science and Faith

Exploring the Ultimate Questions About Life and the Cosmos

Harvest House Publishers *Science and Faith Can—and Do—Support Each Other* Science and Christianity are often presented as opposites, when in fact the order of the universe and the complexity of life powerfully testify to intelligent design. With this comprehensive resource that includes the latest research, you'll witness how the findings of scientists provide compelling reasons to acknowledge the mind and presence of a creator. Featuring more than 45 entries by top-caliber experts, you'll better understand... how scientific concepts like intelligent design are supported by evidence the scientific findings that support the history and accounts found in the Bible the biases that lead to scientific information being presented as a challenge—rather than a complement—to Christianity Whether you're looking for answers to your own questions or seeking to explain the case for intelligent design to others, *The Comprehensive Guide to Science and Faith* is an invaluable apologetic tool that will help you explore and analyze the relevant facts, research, and theories in light of biblical truth.

The Lea Guide To Composition

Routledge The LEA Guide to Composition is firmly based on research into how people learn to write and draws on the most significant strategies and techniques in composition studies. But this text is not just about the act of writing. It is about using writing as a vehicle for learning--about the world, about the academy, about oneself. The focus is on writing as a means of interpretation. The emphasis throughout is on encouraging reflection and developing critical thinking skills. Although the text suggests ways of teaching that reflect knowledge about how people most easily learn to become competent writers, it is specifically designed to allow for numerous approaches to teaching composition. Instructors will value this flexibility. This text is finely tuned to the needs and interests of today's composition students and teachers. Classroom tested at various universities over a four-year period to refine and improve its effectiveness, the Guide is distinguished by a range of carefully crafted instructional features: *Reading-Writing Connection. An extensive selection of fresh, thought-provoking, professional work allows students to internalize models and acquire appropriate genre familiarity. Student papers are included to illustrate how others have responded to real writing tasks similar to those the readers of this book will face. *Critical Reading and Thinking. Numerous reading selections are thoroughly analyzed to provide models of close, critical reading. Critical Reading Guides, provided for some selections, draw students in by asking rhetorical questions that develop critical thinking skills and better understanding of how the authors produced key effects. *Diverse Voices. Specially designed writing activities encourage students who are non-native speakers of English, or who come from non-mainstream cultural backgrounds, to share their perspectives with the entire class. *Writing Activities. More than 60 writing activities of various types are included, suitable for students with a range of writing experience. Many of these are short assignments that are linked to longer ones, which allows students to build their skills sequentially, adding new skills as old ones are practiced and mastered. *Writing Guides. Based on years of teaching experience, these guides provide detailed information and concrete, practical advice about how to succeed on selected assignments in each chapter. *Group Activities. Selected writing assignments include collaborative workshop activities that prompt students to engage in a variety of group efforts that enhance the writing process. As a result, group work progresses with a clear purpose and well-defined goals, leading to more student involvement and, ultimately, better writing. *Application of Key Ideas. Writing Assignments, Writing Guides, and Critical Reading Guides are complemented by activities that allow students to practice using important concepts discussed in the text that progress with a clear purpose and well-defined before they begin an actual assignment. *Journal Entries. Prompts throughout the text are included to increase the amount of writing students do, to enhance reflection and critical thinking, and to engage students in reflecting on and making connections between college and their lives outside of class. *Handbook. The handbook provides basic information about the form and function of language. It focuses on the usage conventions that are a crucial part of academic writing. In addition, it covers differences and similarities in the specific conventions that govern writing in the humanities, social sciences, and science. The documentation formats for these three major divisions of the undergraduate curriculum are described in detail, with full-length student papers to illustrate the formats in context. An Instructor's Manual is available with this text, upon adoption.
