Edge of Darkness [Bold Strokes Books Inc](#) **Diana Collins** charges at life with an irreverent comment and a right hook, but even her hard-headed attitude may not be enough to protect her heart...or her life. As a senior investigator for a high-end insurance company, Diana searches for the person responsible for the theft of several rare weapons. Diana struggles to protect her burgeoning relationship with kindergarten teacher, Cami Michaelson, as the investigation leads her into a bitter world of rage and revenge. Diana uncovers one damning piece of evidence after another that challenges everything she knows about right and wrong. She finds her hard-driving work ethic, which demands the thief be held accountable, at odds with the desire to protect her new friend, Ali Sandoval, who is caught in the center of the conflict. As Diana is drawn deeper into a dark subculture of sex, power, and death, Ali must choose between vengeance and peace as she struggles to escape with her sanity intact. **The Beast** Dimitri Sokolov is a man scarred, physically and emotionally. From the rough streets of Moscow to the highest ranks in the Solntsevskaya Bratva, he has seen it all. An attack four years ago left him disfigured and in seclusion, hiding from reactions to his appearance and in safety from those who failed to kill him the first time. Comfortable in his penthouse, managing his billion dollar businesses, he's resigned himself to be alone, simply called The Beast among those who've dealt with him in the past. **Columbia Grey** is a pseudo-activist trying to save her neighbourhood from a developer intent on levelling it to build apartment towers. She goes along with a plan to confront the CEO of the company on his own turf, to force him to listen to her demands...all in a pathetic attempt to impress a man she barely likes. Little does she know, she's taken herself into the mouth of the beast, a man familiar with death and destruction, sex and seduction, a man used to getting exactly what he wants and a man with nothing left to lose. She's a beauty, but will that be enough to tame the beast and save her life? *** Warning, this is a classified as a dark erotic novel. It deals with some pretty heavy themes. It may trigger those who have experience sexual abuse, rape, violence, basically a shitty childhood or life in general. I must be kind of messed in the head, because I thought it was a touching story full of amazing imagery and people with hearts that continue to beat and seek the beauty in the world in spite of life grinding them into nothingness. Apparently some early reviewers have found mainly the darker elements, so consider this your warning, for what it's worth. This is not a fairy tale, this is what happens when the music ends and life goes on after the credits roll. This is about simply existing until you find yourself and write your own happily ever after, no matter what form it takes. **Target This A Dark Romance Thriller** [Independently Published](#) I'm not sure what I was thinking that day. It was a normal Thursday, nothing new or exciting had occurred in the morning. I'd risen from bed, taken a shower and brushed my teeth. I'd then jumped on the 8:05 bus that ran a short distance between my house and the county library where I worked. The ride took its usual 15 minutes before it left me standing fresh faced in front of a building of gothic construction that was my favorite place in the world. After straightening my knee length skirt, I pushed open the door that led into the interior of the library. It was at that moment that my world would change - impossibly and forever. It was a fateful movement of wood that collided with the shoulder of a man that would alter my very existence. It wasn't fear that I felt at that moment - more like the feeling of being watched. It was the feeling of knowing that danger lurks - the sensation of the hair standing on end at the back of your neck. Looking back on a moment that happened so many months ago, I now realize that I should have listened to that feeling. As I would later find out, the man standing in front of me referred to himself as Master Lucas.....and I was his next target. **Disclaimer: This book is intended for mature audiences only (18+) and contains explicit descriptions of violence.** **Dirty Little Freaks** [Createspace Independent Pub](#) **The Short: Dirty Little Freaks** is the story of Jade Daniels, a tough girl full of secret dreams and desires who learns that sometimes the biggest walls need to be torn down in order to build something beautiful from the ruins. **The Long: Meet Jade Daniels**, she hates her name, hates her life and hates people in general. She loves sex, loves her roommate, and loves her secret obsession, learning. Now she loves a guy with a stunning green mohawk, lickable abs and a mind as filthy as hers. But Jade learned long ago that nothing but misery lasts forever, and happiness is fleeting at best. Or is it? A punk rock story about lust, love, and all the naughty bits in between. ***Rated 18+ Please understand that this book is full of swearing and sex and drugs. I don't control what my characters do or think, so don't shoot me off a bunch of angry emails because you got fired for reading it at work, or God is going to smite you for laughing, or you caught your husband jerking it to the sex scenes. This is also a work of fiction. Seriously, dude. If you feel compelled to have casual, unprotected sex or shove coke up your ass because you read about it somewhere, frealz, you need help. magically gifted Guardian running from her problems... Years ago I walked away from my home, Empire Island, and turned my back on my sacred vow to protect its magic. I thought I could enjoy my freedom, but my past has caught up to me. The island is under threat from demon-possessed recruits destroying hallowed land and poisoning the Well Source of magic. I kicked their ass right away, only to discover the threat I never expected to face was behind it all. Daemon King Uruk'Zu himself. To make matters worse, my younger sister has gone missing. Caught up in emotion, I kissed the man who has haunted my dreams for years. It was an innocent kiss, or so I thought. Turns out it was a bad idea. Very bad. With that one kiss we woke a centuries-old fated-mate spell that will curse my life if I deny it. I don't know how I'll fight these invaders, protect my island, find my sister, navigate family drama, destroy the Daemon King and handle this whole fated-mate hot-guy thing. I'd rather run away again, but if I fail, the thin veil of magic separating worlds will tear. Dark chaos will consume my island, everyone I love, and the entire world. No biggie, right? Now if only I could remember how to cast a spell... Because of Ellison When I was nineteen years old, I lived for sex, drugs and a good party. I had it all - good looks, a fast car and a hot girlfriend. Nothing in life was more important. That was, until I met Ellison James.... Since the moment I first saw her she was a raging bull; tackling me in the mud and throwing out insults as fast as her tongue could form the sound. She was snarky She was rude And she pissed me off like no other woman could. I lived beside her for a summer and in the three months that I walked by her side... She opened my eyes She changed my life And she made me a better man ***Disclaimer - this book is intended for mature audiences only. This book is also an emotional journey. Rivers of London [Gollancz](#) My name is Peter Grant and until January I was just probationary constable in that mighty army for justice known to all right-thinking people as the Metropolitan Police Service (and as the Filth to everybody else). My only concerns in life were how to avoid a transfer to the Case Progression Unit - we do paperwork so real coppers don't have to - and finding a way to climb into the panties of the outrageously perky WPC Leslie May. Then one night, in pursuance of a murder inquiry, I tried to take a witness statement from someone who was dead but disturbingly valuable, and that brought me to the attention of Inspector Nightingale, the last wizard in England. Now I'm a Detective Constable and a trainee wizard, the first apprentice in fifty years, and my world has become somewhat more complicated: nests of vampires in Purley, negotiating a truce between the warring god and goddess of the Thames, and digging up graves in Covent Garden ... and there's something festering at the heart of the city I love, a malicious vengeful spirit that takes ordinary Londoners and twists them into grotesque mannequins to act out its drama of violence and despair. The spirit of riot and rebellion has awakened in the city, and it's falling to me to bring order out of chaos - or die trying.

My mind won't allow me to evoke the past, I can't remember those simple stages to lead me to the fourth . I can't comprehend why I would

have ever wanted to marry someone like Dante. I should never have passed the first stage, although, I may have seen him through the eyes of the woman I once was, this me that lives, breathes here now, can't understand how we made it to the next stage. I'm not sure, without memories, how I know that this voice inside me, telling me I would never have chosen him, speaks some truth, I just know. He's controlling, arrogant, callous and violent, and utterly hell bent on humiliating and degrading me - Like watching me falter, watching me struggle to comply and be the woman he asked to marry, powers him- as though he wants to break me piece by piece. Fiber by fiber. Until all that's here is the shell he created from a soul that I once owned. Now my memories are slowly returning. And they show me a completely different side to meeting him. Our dates, falling in love. The Dante haunting me in the shadows of my mind is loving, gentle and utterly enamored with me, nothing like the man with me now. And this is what taunts me.
