Seven Types Of Ambiguity

Read Books Ltd Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Seven Types of Ambiguity

New Directions Publishing Examines seven types of ambiguity, providing examples of it in the writings of Shakespeare, Wordsworth, and T.S. Eliot.

Seven Types of Ambiguity

Random House Hailed as a masterpiece on its publication in 1930, this landmark in the history of criticism draws on authors from Chaucer to Eliot, illuminating the strategies of individual writers and creating a brilliant theory of poetic practice.

Seven Types of Ambiguity

Penguin *Seven Types of Ambiguity* is a psychological thriller and a literary adventure of breathtaking scope. Celebrated as a novelist in the tradition of Jonathan Franzen and Philip Roth, Elliot Perelman writes of impulse and paralysis, empty marriages, lovers, gambling, and the stock market; of adult children and their parents; of poetry and prostitution, psychiatry and the law. Comic, poetic, and full of satiric insight, *Seven Types of Ambiguity* is, above all, a deeply romantic novel that speaks with unforgettable force about the redemptive power of love. The story is told in seven parts, by six different narrators, whose lives are entangled in unexpected ways. Following years of unrequited love, an out-of-work schoolteacher decides to take matters into his own hands, triggering a chain of events that neither he nor his psychiatrist could have anticipated. Brimming with emotional, intellectual, and moral dilemmas, this novel—reminiscent of the richest fiction of the nineteenth century in its labyrinthine complexity—unfolds at a rapid-fire pace to reveal the full extent to which these people have been affected by one another and by the insecure and uncertain times in which they live. Our times, now.

A History of Ambiguity

Princeton University Press Ever since it was first published in 1930, William Empson's *Seven Types of Ambiguity* has been perceived as a milestone in literary criticism—far from being an impediment to communication, ambiguity now seemed an index of poetic richness and expressive power. Little, however, has been written on the broader trajectory of Western thought about ambiguity before Empson; as a result, the nature of his innovation has been poorly understood. *A History of Ambiguity* remedies this omission. Starting with classical grammar and rhetoric, and moving on to moral theology, law, biblical exegesis, German philosophy, and literary criticism, Anthony Ossa-Richardson explores the many ways in which readers and theorists posited, denied, conceptualised, and argued over the existence of multiple meanings in texts between antiquity and the twentieth century. This process took on a variety of interconnected forms, from the Renaissance delight in the 'elegance' of ambiguities in Horace, through the extraordinary Catholic claim that Scripture could contain multiple literal—and not just allegorical—senses, to the theory of dramatic irony developed in the nineteenth century, a theory intertwined with discoveries of the double meanings in Greek tragedy. Such narratives are not merely of antiquarian interest: rather, they provide an insight into the foundations of modern criticism, revealing deep resonances between acts of interpretation in disparate eras and contexts. *A History of Ambiguity* lays bare the long tradition of efforts to liberate language, and even a poet's intention, from the strictures of a single meaning.

Seven Types of Ambiguity. William Empson. 3rd Edition

William Blake

Selected Poems

Macmillan The Bloomsbury Classic Series has established itself as the preeminent hardcover poetry and literary collection -- books to be cherished, savored, and given on special occasions. To this series we now add two works by Oscar Wilde to herald the coming centenary of his death in Paris, at the age of 46, in 1900. *Oscar Wilde: Selected Poems* collects 33 of Wilde's finest poems, many of which were first published in 1881 in a book called *Poems*. Also included is *The Ballad of Reading Jail*, written after his friendship with Alfred Douglas, and his imprisonment in 1895 for homosexual offences. *Oscar Wilde: The Fisherman and His Soul and Other Fairy Tales* collects ten of Wilde's finest fairy tales into one magical volume. Culled from *The Happy Prince* and *The House Of Pomegranates*, these stories were first read to Wilde's sons and all are mesmerizing and heart-breaking to the end. True gems, these two Wilde volumes now bring to 12 the number of Bloomsbury Classics that St. Martin's has made available for years to come.

The Structure of Complex Words

Seven Modes of Uncertainty

Harvard University Press Literature is uncertain. Literature is good for us. These two ideas are often taken for granted. But what is the relationship between literature's capacity to perplex and its ethical value? *Seven Modes of Uncertainty* contends that literary uncertainty is crucial to ethics because it pushes us beyond the limits of our experience.

Seven Types of Ambiguity

A Study of Its Effects in English Verse..

On Empson

Princeton University Press From one of today's most distinguished critics, a beautifully written exploration of one of the twentieth century's most important literary critics Are literary critics writers? As Michael Wood says, "Not all critics are writers—perhaps most of them are not—and some of them are better when they don't try to be." The British critic and poet William Empson (1906–84), one of the most important and influential critics of the twentieth century, was an exception—a critic who was not only a writer but also a great one. In this brief book, Wood, himself one of the most gifted writers among contemporary critics, explores Empson as a writer, a distinguished poet whose criticism is a brilliant literary performance—and proof that the act of reading can be an unforgettable adventure. Drawing out the singularity and strength of Empson's writing, including its unfailing wit, Wood traces the connections between Empson's poetry and criticism from his first and best-known critical works, *Seven Types of Ambiguity* and *Some Versions of Pastoral*, to later books such as *Milton's God* and *The Structure of Complex Words*. Wood shows why this pioneer of close reading was both more and less than the inventor of New Criticism—more because he was the greatest English critic since Coleridge, and didn't belong to any school; and less because he had severe differences with many contemporary critics, especially those who dismissed the importance of an author's intentions. Beautifully written and rich with insight, *On Empson* is an elegant introduction to a unique writer for whom literature was a nonstop form of living.

The Face of the Buddha

Oxford University Press, USA The English poet, philosopher and literary critic William Empson considered 'The Face of the Buddha' to be one of his finest works. Drafted as he travelled throughout eastern and southern Asia during the 1930's, it is a highly personal account of the cultures and artworks he encountered in Japan, Korea, China, Burma, India and Ceylon, and contains perspectives and theories that are not found in any of his other works. Empson was heartbroken when he lost the only copy of the manuscript in the wake of World War Two, but its recent rediscovery means the book can now be offered exactly as he intended, complete with his original photographs. A comprehensive introduction by the global culture historian Rupert Arrowsmith ensures that the text is just as accessible to the

general reader as it is to academics and students.

Seven Types of Ambiguity [A Study of Its Effects in English Verse.]

Seven Types of Atheism

Farrar, Straus and Giroux From the provocative author of *Straw Dogs* comes an incisive, surprising intervention in the political and scientific debate over religion and atheism. When you explore older atheisms, you will find that some of your firmest convictions—secular or religious—are highly questionable. If this prospect disturbs you, what you are looking for may be freedom from thought. For a generation now, public debate has been corroded by a shrill, narrow derision of religion in the name of an often vaguely understood “science.” John Gray’s stimulating and enjoyable new book, *Seven Types of Atheism*, describes the complex, dynamic world of older atheisms, a tradition that is, he writes, in many ways intertwined with and as rich as religion itself. Along a spectrum that ranges from the convictions of “God-haters” like the Marquis de Sade to the mysticism of Arthur Schopenhauer, from Bertrand Russell’s search for truth in mathematics to secular political religions like Jacobinism and Nazism, Gray explores the various ways great minds have attempted to understand the questions of salvation, purpose, progress, and evil. The result is a book that sheds an extraordinary light on what it is to be human.

Essays on Literature and Culture

INTERLOAN Seven Types of Ambiguity

Modernism and Close Reading

Oxford University Press, USA The kinship between modernism and close reading has long been taken for granted. But for that reason, it has also gone unexamined. As the archives, timeframes, and cultural contexts of global modernist studies proliferate, the field's rapport with close reading no longer appears self-evident or guaranteed—even though for countless students studying literary modernism still invariably means studying close reading. This authoritative collection of essays illuminates close reading's conceptual, institutional, and pedagogical genealogies as a means of examining its enduring potential. David James brings together a cast of world-renowned scholars to offer an account of some of the things we might otherwise know, and need to know, about the history of modernist theories of reading, before then providing a sense of how the futures for critical reading look different in light of the multiple ways in which modernism has been close read. *Modernism and Close Reading* responds to a contemporary climate of unprecedented reconstitution for the field: it takes stock of close reading's methodological possibilities in the wake of modernist studies' geographical, literary-historical, and interdisciplinary expansions; and it shows how the political, ethical, and aesthetic consequences of attending to matters of form complicate ideological preconceptions about the practice of formalism itself. By reassessing the intellectual commitments and institutional conditions that have shaped modernism in criticism as well as in the classroom, we are able to ask new questions about close reading that resonate across literary and cultural studies. Invigorating that critical venture, this volume enriches our vocabulary for addressing close reading's perpetual development and diversification.

William Empson, Volume II

Against the Christians

Oxford University Press on Demand William Empson (1906-1984) was the foremost English literary critic of the twentieth century. His public life and travels took him through many of the major events of the modern world. This compelling account is the second of two volumes exploring his remarkable life and work.

Language Processing and the Reading of Literature

Toward a Model of Comprehension

Important Artifacts and Personal Property from the Collection of Lenore Doolan and Harold Morris, Including Books, Street Fashion, and Jewelry

Sarah Crichton Books A love story told in the form of an auction catalog. Auction catalogs can tell you a lot about a person -- their passions and vanities, peccadilloes and aesthetics; their flush years and lean. Think of the collections of Jacqueline Kennedy Onassis, Truman Capote, the Duke and Duchess of Windsor. In Leanne Shapton's marvelously inventive and invented auction catalog, the 325 lots up for auction are what remain from the relationship between Lenore Doolan and Harold Morris (who aren't real people, but might as well be). Through photographs of the couple's personal effects -- the usual auction items (jewelry, fine art, and rare furniture) and the seemingly worthless (pajamas, Post-it notes, worn paperbacks) -- the story of a failed love affair vividly (and cleverly) emerges. From first meeting to final separation, the progress and rituals of intimacy are revealed through the couple's accumulated relics and memorabilia. And a love story, in all its tenderness and struggle, emerges from the evidence that has been left behind, laid out for us to appraise and appreciate. In an earlier work, *Was She Pretty?*, Shapton, a talented artist and illustrator, subtly explored the seemingly simple yet powerfully complicated nature of sexual jealousy. In *Important Artifacts and Personal Property from the Collection of Lenore Doolan and Harold Morris*—a very different yet equally original book—she invites us to contemplate what is truly valuable, and to consider the art we make of our private lives.

William Empson, Volume I

Among the Mandarins

OUP Oxford William Empson was the foremost English literary critic of the twentieth century. He was a man of huge energy and curiosity, and a genuine eccentric who remained imperturbable in the face of all the extraordinary circumstances in which he found himself. The discovery of contraceptives in his possession by a bedmaker at Cambridge University led to his being robbed of a promised Fellowship. Yet *Seven Types of Ambiguity*, drafted while he was still an undergraduate, promptly brought him world-wide fame. Empson invented modern literary criticism in English. He acted too as a cultural fifth-columnist, challenging received doctrine in life and literature. 'It is a very good thing for a poet . . . to be saying something which is considered very shocking at the time,' he maintained. 'To become morally independent of one's formative society . . . is the grandest theme of all literature, because it is the only means of moral progress.' His public life took him through many of the major political events of the modern world — the rise of imperialism in Japan, the Sino-Japanese war in China, wartime propaganda for the BBC, and the Chinese civil war and Communist takeover of Peking in 1949. His friends and critical sparring partners included I. A. Richards, Kathleen Raine, J. B. S. Haldane, Humphrey Jennings, George Orwell, Robert Lowell, Dylan Thomas, Stephen Spender, Helen Gardner, and T. S. Eliot. 'It is of great importance now that writers should try to keep a certain world-mindedness,' he insisted. 'Without the literatures you cannot have a sense of history, and history is like the balancing-pole of the tightrope-walker . . . and nowadays we very much need the longer balancing-pole of not national but world history.' His passionate world-mindedness, and his humanism, combativeness, and wit, are fully in evidence in this, the first of two volumes exploring his remarkable life and work.

Complete Poems

A comprehensive edition of one of America's greatest poets, this collection draws from her four published volumes, together with 50 uncollected works and translations of Octavio Paz, Max Jacob and others.

Circling the Canon, Volume II

The Selected Book Reviews of Marjorie Perloff, 1995-2017

Circling the Canon, Volume II focuses on the second half of Marjorie Perloff's prolific career, showcasing reviews from 1995 through her 2017 reconsiderations of Jonathan Culler's theory of the lyric and William Empson's classic *Seven Types of Ambiguity*.

Seven types of ambiguity ... Third edition. (Revised, reprinted.).

Don't Read Poetry

A Book About How to Read Poems

Hachette UK An award-winning poet offers a brilliant introduction to the joys--and challenges--of the genre In *Don't Read Poetry*, award-winning poet and literary critic Stephanie Burt offers an accessible introduction to the seemingly daunting task of reading, understanding, and appreciating poetry. Burt dispels preconceptions about poetry and explains how poems speak to one another--and how they can speak to our lives. She shows readers how to find more poems once they have some poems they like, and how to connect the poetry of the past to the poetry of the present. Burt moves seamlessly from Shakespeare and other classics to the contemporary poetry circulated on Tumblr and Twitter. She challenges the assumptions that many of us make about "poetry," whether we think we like it or think we don't, in order to help us cherish--and distinguish among--individual poems. A masterful guide to a sometimes confounding genre, *Don't Read Poetry* will instruct and delight ingénues and cognoscenti alike.

Anatomy of Criticism

Four Essays

Subjective Criticism

Johns Hopkins University Press Amplifying his theoretical model with subjective responses drawn from his own classroom experience, Bleich suggests ways in which the study of language and literature can become more fully integrated with each person's responsibility for what he or she knows.

Seven Types of Ambiguity. (Third Edition.).

Poetry and the Age

About *Poetry and the Age*: "Perhaps the most comprehensive and certainly the most detailed of all studies of modern poetry."-- Delmore Schwartz, *New York Times Book Review* "Randall Jarrell's book about poetry and the criticism of poetry pulls the bung-cork out of the barrel. The reader is exhilarated, led on to agree with Mr. Jarrell joyfully, even to cap his opinions--and at last to grow reckless. . . . *Poetry and the Age* is enormously readable."-- Louis Simpson, *The American Scholar* "The most powerful reviewer of poetry active in this country for the last decade. . . . Everybody interested in modern poetry ought to be grateful to him." -- John Berryman, *New Republic* Randall Jarrell was the critic whose taste defined American poetry after World War II. *Poetry and the Age*, his first collection of criticism, was published in 1953. It has been in and out of print over the past 40 years and has become a classic of American letters. In this new edition, two long-lost lectures by Jarrell have been added. Recently discovered by critics, they speak to issues at the heart of Jarrell's criticism: the structure of poetry and the question "Is American poetry American?" One of the outstanding poets of the postwar generation, Jarrell was also celebrated for his extraordinary praise of some underappreciated older and younger poets and for his witty dismissals of current favorites he thought less qualified. *Poetry and the Age* includes groundbreaking considerations of Walt Whitman and Robert Frost as well as profound appraisals of Wallace Stevens, Marianne Moore, John Crowe Ransom, and William Carlos Williams. His early reviews that established the reputations of Robert Lowell and Elizabeth Bishop are here, beside other enthusiastic discoveries that have withstood the test of time. *Poetry and the Age* also contains Jarrell's influential essays on the obscurity of poetry and on the age of criticism, essays that offer some of the most relevant and readable literary judgments of the 20th century. Randall Jarrell (1914-1965) wrote eight books of poetry, five anthologies, four children's books illustrated by Maurice Sendak, four translations, including *Faust: Part I* and *The Three Sisters* (performed on Broadway by the Actor's Studio), and a novel, *Pictures from an Institution*. He received the National Book Award for poetry in 1960, served as poet laureate at the Library of Congress in 1957 and 1958, and taught for many years at the University of North Carolina, Greensboro. He was a member of the American Institute of Arts and Letters.

Reading Without Tears, Or A Pleasant Mode of Learning to Read

Digital Fabrication in Interior Design

Body, Object, Enclosure

Routledge *Digital Fabrication in Interior Design: Body, Object, Enclosure* draws together emerging topics of making that span primary forms of craftsmanship to digital fabrication in order to theoretically and practically analyze the innovative and interdisciplinary relationship between digital fabrication technology and interior design. The history of making in interior design is aligned with traditional crafts, but a parallel discourse with digital fabrication has yet to be made evident. This book repositions the praxis of experimental prototyping and integrated technology to show how the use of digital fabrication is inherent to the interior scales of body, objects and enclosure. These three scales act as a central theme to frame contributions that reinforce the interdisciplinary nature of interior design and reinterpret traditional crafts by integrating new methods of making into conventional workflows. Featuring significant international practitioners and researchers, the selected contributions represent the ever-increasing interdisciplinary nature of design, demonstrating a breadth of disciplines. A foundational text for interiors students and practitioners, *Digital Fabrication in Interior Design* expands the necessary dialogue about digital fabrication at the scale of interiors to inform design theory and practice.

The New Criticism

Praeger

Selected Writings

New Directions Publishing This selection from representative works of the great French poet-philosopher is based on the Paris *Morceaux Choisis* volume, which was assembled by Valéry himself.

Reading Rilke

Reflections on the Problems of Translation

Knopf The greatly admired essayist, novelist, and philosopher, author of *Cartesian Sonata*, *Finding a Form*, and *The Tunnel*, reflects on the art of translation and on Rainer Maria Rilke's *Duino Elegies* -- and gives us his own translation of Rilke's masterwork. After nearly a lifetime of reading Rilke in English, William Gass undertook the task of translating Rilke's writing in order to see if he could, in that way, get closer to the work he so deeply admired. With Gass's own background in philosophy, it seemed natural to begin with the *Duino Elegies*, the poems in which Rilke's ideas are most fully expressed and which as a group are important not only as one of the supreme poetic achievements of the West but also because of the way in which they came to be written -- in a storm of inspiration. Gass examines the genesis of the ideas that inform the *Elegies* and discusses previous translations. He writes, as well, about Rilke the man: his character, his relationships, his life. Finally, his extraordinary translation of the *Duino Elegies* offers us the experience of reading Rilke with a new and fuller understanding.

52 Ways of Looking at a Poem, Or, How Reading Modern Poetry Can Change Your Life

Ambiguity Revisited

Communicating with Pictures

Ibidem Press *Ambiguity Revisited* is concerned with the manner in which pictures communicate with the spectator. Its focus lies in those fluid, indeterminate spaces where our reading of images, in art and photography, exercises and draws upon our imagination, memory, and experience. Sir William Empson's seminal (1930) text: *Seven Types of Ambiguity* is used as a springboard to discussion, towards a fresh way of exploring ambiguity beyond English literature, and in a broader framework to that contained in John Berger's (1989) *Another Way of Telling*. The use of ambiguity in art and photography, as in literature, is both a conscious and an unconscious act; and ambiguity influences the way in which we respond to work, from Leonardo da Vinci's portraits to the photographer William Eggleston's engaging and idiosyncratic reflections on America's Deep South. This ambiguity is a force for good, or at least one to be reckoned with, due to its participatory nature in actively engaging with, or masking itself from, the viewer. Ambiguity is infrequently discussed but is highly relevant as an expressive device. It holds a position at the core of communication within the visual arts. As society becomes influenced

increasingly by communications delivered in a visual form, so we, the consumers, require tools, more than ever, to engage with the work.

Milton's God

Hassell Street Press This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
