TRIUMPH OF THE HEART

FORGIVENESS IN AN UNFORGIVING WORLD

Penguin 2016 Books For A Better Life Award winner Drawing on the latest research and remarkable tales of forgiveness from around the world, journalist Megan Feldman explores how forgiveness, when practiced in the right ways, can save lives, make us happier and healthier, and lead to a better world. Veteran journalist Megan Feldman was still smarting over a bitter breakup when she began working on a feature article about a father named Azim who had truly forgiven the man who killed his son. She had found herself totally and completely unable to forgive her ex-boyfriend, and yet Azim had managed to forgive his own son's murderer. Forgiveness has long been touted by religious leaders as a moral imperative. But Megan wanted to know exactly what it means from a scientific perspective, and why forgiving those who have wronged you is one of the best things you can do for yourself. In Triumph of the Heart, Feldman embarks on a quest to understand this complex idea, drawing on the latest research showing that forgiveness can provide a range of health benefits, from relieving depression to decreasing high blood pressure. The journey takes her from New Zealand and the Maori who practice their own form of restorative justice, to a principal in Baltimore who uses forgiveness techniques to eradicate violence in her school, and to recovered addicts who restarted their lives by seeking and receiving forgiveness. She travels to Rwanda to learn about forgiveness in the face of unthinkable atrocities. This book is a guide for how the practice of forgiveness can help us all in our search for a satisfying, fulfilling, good life.

TELL TO WIN

CONNECT, PERSUADE, AND TRIUMPH WITH THE HIDDEN POWER OF STORY

Currency Today everyone—whether they know it or not—is in the emotional transportation business. More and more, success is won by creating compelling stories that have the power to move partners, shareholders, customers, and employees to action. Simply put, if you can't tell it, you can't sell it. And this book tells you how to do both. Historically, stories have always been igniters of action, moving people to do things. But only recently has it become clear that purposeful stories—those created with a specific mission in mind—are absolutely essential in persuading others to support a vision, dream or cause. Peter Guber, whose executive and entrepreneurial accomplishments have made him a success in multiple industries, has long relied on purposeful story telling to motivate, win over, shape, engage and sell. Indeed, what began as knack for telling stories as an entertainment industry executive has, through years of perspiration and inspiration, evolved into a set of principles that anyone can use to achieve their goals. In Tell to Win, Guber shows how to move beyond soulless Power Point slides, facts, and figures to create purposeful stories that can serve as powerful calls to action. Among his techniques: * Capture your audience's attention first, fast and foremost * Motivate your listeners by demonstrating authenticity * Build your tell around "what's in it for them" * Change passive listeners into active participants * Use "state-of-the-heart" technology online and offline to make sure audience commitment remains strong To validate the power of telling purposeful stories, Guber includes in this book a remarkably diverse number of "voices" —master tellers with whom he's shared experiences. They include YouTube founder Chad Hurley, NBA champion Pat Riley, clothing designer Normal Kamali, "Mission to Mars" scientist Gentry Lee, Under Armour CEO Kevin Plank, former South African president Nelson Mandela, magician David Copperfield, film director Steven Spielberg, novelist Nora Roberts, rock legend Gene Simmons, and physician and author Deepak Chopra. After listening to this extraordinary mix of voices, you'll know how to craft, deliver—and own—a story that is truly compelling, one capable of turning others into viral advocates for your goal.

TRIUMPH OF THE CITY

HOW OUR GREATEST INVENTION MAKES US RICHER, SMARTER, GREENER, HEALTHIER, AND HAPPIER

Penguin Shortlisted for the Financial Times and McKinsey Best Book of the Year Award in 2011 "A masterpiece." —Steven D. Levitt, coauthor of Freakonomics "Bursting with insights." —The New York Times Book Review A pioneering urban economist presents a myth-shattering look at the majesty and greatness of cities America is an urban nation, yet cities get a bad rap: they're dirty, poor, unhealthy, environmentally unfriendly . . . or are they? In this revelatory book, Edward Glaeser, a leading urban economist, declares that cities are actually the healthiest, greenest, and richest (in both cultural and economic terms) places to live. He travels through history and around the globe to reveal the hidden workings of cities and how they bring out the best in humankind. Using intrepid reportage, keen analysis, and cogent argument, Glaeser makes an urgent, eloquent case for the city's importance and splendor, offering inspiring proof that the city is humanity's greatest creation and our best hope for the future.

EXPLORERS OF THE NILE

THE TRIUMPH AND TRAGEDY OF A GREAT VICTORIAN ADVENTURE

Yale University Press A "highly enjoyable" account of six men, and one woman, who journeyed into uncharted and treacherous African terrain to find the source of the White Nile (The Washington Post). Nothing obsessed explorers of the mid-nineteenth century more than the quest to discover the source of the White Nile. It was the planet's most elusive secret, the prize coveted above all others. Between 1856 and 1876, six larger-than-life men and one extraordinary woman accepted the challenge. Showing extreme courage and resilience, Richard Burton, John Hanning Speke, James Augustus Grant, Samuel Baker, Florence von Sass, David Livingstone, and Henry Morton Stanley risked their lives and reputations in the fierce competition. National Book Critics Circle Award-winning author Tim Jeal deploys fascinating new research to provide a vivid tableau of the unmapped "Dark Continent," its jungle deprivations, and the courage—as well as malicious tactics—of the explorers. On multiple forays launched into east and central Africa, the travelers passed through almost impenetrable terrain and suffered the ravages of flesh-eating ulcers, paralysis, malaria, deep spear wounds, and even death. They discovered Lakes Tanganyika and Victoria and became the first white people to encounter the kingdoms of Buganda and

Bunyoro. Jeal weaves the story with authentic new detail—and examines the tragic unintended legacy of the Nile search that still casts a long shadow over the people of Uganda and Sudan. “A fabulous story...old-fashioned epic adventure.”—The Sunday Times “Superb narrative...a must-read for anyone hoping to understand the internal dynamics of modern state-building in central Africa.”—Booklist

DARK TRIUMPH

HarperCollins New York Times Bestseller Spring 2013 Kids' Indie Next List Sybella's duty as Death's assassin in 15th-century France forces her return home to the personal hell that she had finally escaped. Love and romance, history and magic, vengeance and salvation converge in this thrilling sequel to Grave Mercy. Sybella arrives at the convent's doorstep half mad with grief and despair. Those that serve Death are only too happy to offer her refuge—but at a price. The convent views Sybella, naturally skilled in the arts of both death and seduction, as one of their most dangerous weapons. But those assassin's skills are little comfort when the convent returns her to a life that nearly drove her mad. And while Sybella is a weapon of justice wrought by the god of Death himself, He must give her a reason to live. When she discovers an unexpected ally imprisoned in the dungeons, will a daughter of Death find something other than vengeance to live for?

THE TRIUMPH OF MUSIC

COMPOSERS, MUSICIANS AND THEIR AUDIENCES, 1700 TO THE PRESENT

Penguin UK Once musicians such as Mozart were little more than court servants; now they are multimillionaire superstars wielding more power than politicians. How did this extraordinary change come about? Tim Blanning's brilliantly enjoyable book examines how everything from the cult of the romantic to technology and travel all fed the inexorable rise of music in the West, making it the most dominant and ubiquitous of the art forms. Encompassing balladeers, the great composers, jazz legends and rock gods, this is an enthralling story of power, patronage, creativity and genius.

THE LEGEND OF KOBE BRYANT

BASKETBALL'S MODERN SUPERSTAR

Triumph Books (IL) Kobe Bryant will forever be known as one of basketball's greatest superstars. Nicknamed "The Black Mamba," the Los Angeles Lakers legend left his mark on the game as a fierce competitor who lifted those around him and never settled for anything less than the best. The Legend of Kobe Bryant contains essential facts and stories all basketball fans should know, plus inspiring quotes and brilliant photos. Learn about Kobe's early days bursting onto the NBA scene, his five NBA championships with the Lakers, his unforgettable 60-point final game, and his desire to share basketball with everyone.

THE QUEEN OF KATWE

A STORY OF LIFE, CHESS, AND ONE EXTRAORDINARY GIRL'S DREAM OF BECOMING A GRANDMASTER

Simon and Schuster Now a major motion picture starring Academy Award winner Lupita Nyong'o and David Oyelowo, directed by Mira Nair. The “astonishing” (The New York Times Book Review) and “inspirational” (Shelf Awareness) true story of Phiona Mutesi—a teenage chess prodigy from the slums of Uganda. One day in 2005 while searching for food, nine-year-old Ugandan Phiona Mutesi followed her brother to a dusty veranda where she met Robert Katende. Katende, a war refugee turned missionary, had an improbable dream: to empower kids in the Katwe slum through chess—a game so foreign there is no word for it in their native language. Laying a chessboard in the dirt, Robert began to teach. At first children came for a free bowl of porridge, but many grew to love the game that—like their daily lives—requires persevering against great obstacles. Of these kids, one girl stood out as an immense talent: Phiona. By the age of eleven Phiona was her country's junior champion, and at fifteen, the national champion. Now a Woman Candidate Master—the first female titled player in her country's history—Phiona dreams of becoming a Grandmaster, the most elite level in chess. But to reach that goal, she must grapple with everyday life in one of the world's most unstable countries. The Queen of Katwe is a “remarkable” (NPR) and “riveting” (New York Post) book that shows how “Phiona's story transcends the limitations of the chessboard” (Robert Hess, US Grandmaster).

HEAVEN IS HERE

AN INCREDIBLE STORY OF HOPE, TRIUMPH, AND EVERYDAY JOY

Hachette Books Go on an unforgettable journey, with a woman who has unimaginable strength. Stephanie Nielson began sharing her life in 2005 on nieniedialogues.com, drawing readers in with her warmth and candor. She quickly attracted a loyal following that was captivated by the upbeat mother happily raising her young children, madly in love with her husband, Christian (Mr. Nielson to her readers), and filled with gratitude for her blessed life. However, everything changed in an instant on a sunny day in August 2008, when Stephanie and Christian were in a horrific plane crash. Christian was burned over 40 percent of his body, and Stephanie was on the brink of death, with burns over 80 percent of her body. She would remain in a coma for four months. In the aftermath of this harrowing tragedy, Stephanie maintained a stunning sense of humor, optimism, and resilience. She has since shared this strength of spirit with others through her blog, in magazine features, and on The Oprah Winfrey Show. Now, in this moving memoir, Stephanie tells the full, extraordinary story of her unlikely recovery and the incredible love behind it—from a riveting account of the crash to all that followed in its wake. With vivid detail, Stephanie recounts her emotional and physical journey, from her first painful days after awakening from the coma to the first time she saw her face in the mirror, the first kiss she shared with Christian after the accident, and the first time she talked to her children after their long separation. She also reflects back on life before the accident, to her happy childhood as one of nine siblings, her close-knit community and strong Mormon faith, and her fairy-tale love story, all of which became her foundation of strength as she rebuilt her life. What emerges from the wreckage of a tragic accident is a unique perspective on joy, beauty, and overcoming adversity that is as gripping as it is inspirational. Heaven Is Here is a poignant reminder of how faith and family, love and community can bolster us, sustain us, and quite literally, in some cases, save us.

THE PATH MADE CLEAR

DISCOVERING YOUR LIFE'S DIRECTION AND PURPOSE

Flatiron Books Everyone has a purpose. And, according to Oprah Winfrey, “Your real job in life is to figure out as soon as possible what that is, who you are meant to be, and begin to honor your calling in the best way possible.” That journey starts right here. In her latest book, The Path Made Clear, Oprah shares what she sees as a guide for activating your deepest vision of yourself, offering the framework for creating not just a life of success, but one of significance. The book's ten chapters are organized to help you recognize the important milestones along the road to self-discovery, laying out what you really need in order to achieve personal contentment, and what life's detours are there to teach us. Oprah opens each chapter by sharing her own key lessons and the personal stories that helped set the course for her best life. She then brings together wisdom and insights from luminaries in a wide array of fields, inspiring readers to consider what they're meant to do in the world and how to pursue it with passion and focus. Renowned figures such as Eckhart Tolle, Brene Brown, Lin-Manuel Miranda, Elizabeth Gilbert, Jay-Z, and Ellen DeGeneres share the greatest lessons from their own journeys toward a life filled with purpose. Paired with over 100 awe-inspiring photographs to help illuminate the wisdom of these messages, The Path Made Clear provides readers with a beautiful resource for achieving a life lived in service of your calling - whatever it may be.

DUNE (MOVIE TIE-IN)

CHADWICK BOSEMAN

FOREVER OUR KING 1976-2020

Triumph Books Chadwick Boseman will forever be remembered as a sublime acting talent, infusing films like *Black Panther*, *42*, and *Get On Up* with his trademark blend of charisma, vitality and vulnerability. His path to iconic status started quietly, a late bloomer by Hollywood standards. But Boseman rose to stardom with memorable roles including Jackie Robinson, James Brown, Thurgood Marshall, and of course King T'Challa, despite facing a private battle against colon cancer. This is a profound remembrance of an extraordinary life cut short, celebrating Boseman's brilliance on-screen as well as his rich existence as a generous friend, family member, and activist. Including nearly 100 full-color photographs, this commemorative book traces the actor's early days growing up in South Carolina, his string of impactful and historic movie roles, his commitment to elevating other storytellers as a producer, and the widespread impact of his artistry and unfathomable strength.

RUSCH TO GLORY

ADVENTURE, RISK & TRIUMPH ON THE PATH LESS TRAVELED

VeloPress Rebecca Rusch is one of the great endurance athletes of our time. Known today as the Queen of Pain for her perseverance as a relentlessly fast runner, paddler, and mountain bike racer, Rusch was a normal kid from Chicago who abandoned a predictable life for one of adventure. In her new book *Rusch to Glory: Adventure, Risk & Triumph on the Path Less Traveled*, Rusch weaves her fascinating life's story among the exotic locales and extreme conditions that forged an extraordinary athlete from ordinary roots. Rusch has run the gauntlet of endurance sports over her career as a professional athlete-- climbing, adventure racing, whitewater rafting, cross-country skiing, and mountain biking--racking up world championships along the way. But while she might seem like just another superhuman playing out a fistful of aces, her empowering story proves that anyone can rise above self-doubt and find their true potential. First turning heads with her rock climbing and paddling skills, Rusch soon found herself spearheading adventure racing teams like Mark Burnett's Eco-Challenge series. As she fought her way through the jungles of Borneo, raced camels across Morocco, threaded the rugged Tian Shan mountains, and river-boarded the Grand Canyon in the dead of winter, she was forced to stare down her own demons. Through it all, Rusch continually redefined her limits, pushing deep into the pain cave and emerging ready for the next great challenge. At age 38, Rusch faced a tough decision: retire or reinvent herself yet again. Determined to go for broke, she shifted her focus to endurance mountain bike racing and rode straight into the record books at a moment when most athletes walk away. *Rusch to Glory* is more than an epic story of adventure; it is a testament to the rewards of hard work, determination, and resilience on the long road to personal and professional triumph.

RANGE

WHY GENERALISTS TRIUMPH IN A SPECIALIZED WORLD

Penguin The #1 New York Times bestseller that has all America talking—with a new afterword on expanding your range—as seen on CNN's Fared Zakaria GPS, Morning Joe, CBS This Morning, and more. “The most important business—and parenting—book of the year.” —Forbes “Urgent and important. . . an essential read for bosses, parents, coaches, and anyone who cares about improving performance.” —Daniel H. Pink Shortlisted for the Financial Times/McKinsey Business Book of the Year Award Plenty of experts argue that anyone who wants to develop a skill, play an instrument, or lead their field should start early, focus intensely, and rack up as many hours of deliberate practice as possible. If you dabble or delay, you'll never catch up to the people who got a head start. But a closer look at research on the world's top performers, from professional athletes to Nobel laureates, shows that early specialization is the exception, not the rule. David Epstein examined the world's most successful athletes, artists, musicians, inventors, forecasters and scientists. He discovered that in most fields—especially those that are complex and unpredictable—generalists, not specialists, are primed to excel. Generalists often find their path late, and they juggle many interests rather than focusing on one. They're also more creative, more agile, and able to make connections their more specialized peers can't see. Provocative, rigorous, and engrossing, *Range* makes a compelling case for actively cultivating inefficiency. Failing a test is the best way to learn. Frequent quitters end up with the most fulfilling careers. The most impactful inventors cross domains rather than deepening their knowledge in a single area. As experts silo themselves further while computers master more of the skills once reserved for highly focused humans, people who think broadly and embrace diverse experiences and perspectives will increasingly thrive.

THE 48 LAWS OF POWER

Profile Books THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. _____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In *The 48 Laws of Power*, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

THE BIG BOOK OF SCIENCE FICTION

THE ULTIMATE COLLECTION

Vintage "What if life was neverending? What if you could change your body to adapt to an alien ecology? What if the pope were a robot? Spanning galaxies and millennia, this must-have anthology showcases classic contributions from H. G. Wells, Arthur C. Clarke, Octavia E. Butler, and Kurt Vonnegut, alongside a century of the eccentrics, rebels, and visionaries who have inspired generations of readers. Within its pages, you'll find beloved worlds of space opera, hard SF, cyberpunk, the New Wave, and more. Learn about the secret history of science fiction, from titans of literature who also wrote SF to less well-known authors from more than twenty-five countries, some never before translated into English. In *The Big Book of Science Fiction*, literary power couple Ann and Jeff VanderMeer transport readers from Mars to Mechanopolis, planet Earth to parts unknown. Immerse yourself in the genre that predicted electric cars, space tourism, and smartphones. Sit back, buckle up, and dial in the coordinates, as this stellar anthology has got worlds within worlds"--Back cover.

THE OBSTACLE IS THE WAY

THE TIMELESS ART OF TURNING TRIALS INTO TRIUMPH

Penguin #1 Wall Street Journal Bestseller *The Obstacle is the Way* has become a cult classic, beloved by men and women around the world who apply its wisdom to become more successful at whatever they do. Its many fans include a former governor and movie star (Arnold Schwarzenegger), a hip hop icon (LL Cool J), an Irish tennis pro (James McGee), an NBC sportscaster (Michele Tafoya), and the coaches and players of winning teams like the New England Patriots, Seattle Seahawks, Chicago Cubs, and University of Texas men's basketball team. The book draws its inspiration from stoicism, the ancient Greek philosophy of enduring pain or adversity with perseverance and resilience. Stoics focus on the things they can control, let go of everything else, and turn every new obstacle into an opportunity to get better, stronger, tougher. As Marcus Aurelius put it nearly 2000 years ago: "The impediment to action advances action. What stands in the way becomes the way." Ryan Holiday shows us how some of the most successful people in history—from John D. Rockefeller to Amelia Earhart to Ulysses S. Grant to Steve Jobs—have applied stoicism to overcome difficult or even impossible situations. Their embrace of these principles ultimately mattered more than their natural intelligence, talents, or luck. If you're feeling

frustrated, demoralized, or stuck in a rut, this book can help you turn your problems into your biggest advantages. And along the way it will inspire you with dozens of true stories of the greats from every age and era.

THE BIG BOOK OF MINECRAFT

THE UNOFFICIAL GUIDE TO MINECRAFT & OTHER BUILDING GAMES

Triumph Books Brought to you by the authors and editors that created the Minecrafter and Minecrafter 2.0 Advanced guide books, TheBig Book of Minecraft features more of everything—more mods, more mining, more mobs, and more Minecraft! AGE OF BETRAYAL

Vintage Age of Betrayal is a brilliant reconsideration of America's first Gilded Age, when war-born dreams of freedom and democracy died of their impossibility. Focusing on the alliance between government and railroads forged by bribes and campaign contributions, Jack Beatty details the corruption of American political culture that, in the words of Rutherford B. Hayes, transformed “a government of the people, by the people, and for the people” into “a government by the corporations, of the corporations, and for the corporations.” A passionate, gripping, scandalous and sorrowing history of the triumph of wealth over commonwealth.

IN THE HURRICANE'S EYE

THE GENIUS OF GEORGE WASHINGTON AND THE VICTORY AT YORKTOWN

Penguin NEW YORK TIMES BESTSELLER "Nathaniel Philbrick is a masterly storyteller. Here he seeks to elevate the naval battles between the French and British to a central place in the history of the American Revolution. He succeeds, marvelously."--The New York Times Book Review The thrilling story of the year that won the Revolutionary War from the New York Times bestselling author of In the Heart of the Sea and Mayflower. In the concluding volume of his acclaimed American Revolution series, Nathaniel Philbrick tells the thrilling story of the year that won the Revolutionary War. In the fall of 1780, after five frustrating years of war, George Washington had come to realize that the only way to defeat the British Empire was with the help of the French navy. But coordinating his army's movements with those of a fleet of warships based thousands of miles away was next to impossible. And then, on September 5, 1781, the impossible happened. Recognized today as one of the most important naval engagements in the history of the world, the Battle of the Chesapeake—fought without a single American ship—made the subsequent victory of the Americans at Yorktown a virtual inevitability. A riveting and wide-ranging story, full of dramatic, unexpected turns, In the Hurricane's Eye reveals that the fate of the American Revolution depended, in the end, on Washington and the sea.

PATTON

ORDEAL AND TRIUMPH

Westholme Pub Llc "The basis for the Academy Award-winning film starring George C. Scott"--Cover.

THE TRIUMPH OF INJUSTICE: HOW THE RICH DODGE TAXES AND HOW TO MAKE THEM PAY

W. W. Norton & Company America's runaway inequality has an engine: our unjust tax system. Even as they became fabulously wealthy, the ultra-rich have had their taxes collapse to levels last seen in the 1920s. Meanwhile, working-class Americans have been asked to pay more. The Triumph of Injustice presents a forensic investigation into this dramatic transformation, written by two economists who revolutionized the study of inequality. Eschewing anecdotes and case studies, Emmanuel Saez and Gabriel Zucman offer a comprehensive view of America's tax system, based on new statistics covering all taxes paid at all levels of government. Their conclusion? For the first time in more than a century, billionaires now pay lower tax rates than their secretaries. Blending history and cutting-edge economic analysis, and writing in lively and jargon-free prose, Saez and Zucman dissect the deliberate choices (and sins of indecision) that have brought us to today: the gradual exemption of capital owners; the surge of a new tax avoidance industry, and the spiral of tax competition among nations. With clarity and concision, they explain how America turned away from the most progressive tax system in history to embrace policies that only serve to compound the wealth of a few. But The Triumph of Injustice is much more than a laser-sharp analysis of one of the great political and intellectual failures of our time. Saez and Zucman propose a visionary, democratic, and practical reinvention of taxes, outlining reforms that can allow tax justice to triumph in today's globalized world and democracy to prevail over concentrated wealth. A pioneering companion website allows anyone to evaluate proposals made by the authors, and to develop their own alternative tax reform at taxjusticenow.org.

THE TRIALS OF HARRY S. TRUMAN

THE EXTRAORDINARY PRESIDENCY OF AN ORDINARY MAN, 1945-1953

Simon and Schuster Jeffrey Frank, author of the bestselling *Ike and Dick*, returns with the first full account of the Truman presidency in nearly thirty years, recounting how so ordinary a man met the extraordinary challenge of leading America through the pivotal years of the mid-20th century. The nearly eight years of Harry Truman's presidency—among the most turbulent in American history—were marked by victory in the wars against Germany and Japan; the first use of an atomic weapon; the beginning of the Cold War; creation of the NATO alliance; the founding of the United Nations; the Marshall Plan to rebuild the wreckage of postwar Europe; the Red Scare; and the fateful decision to commit troops to fight in Korea. Historians have tended to portray Truman as stolid and decisive, with a homespun manner, but the man who emerges in *The Trials of Harry S. Truman* is complex and surprising. He believed that the point of public service was to improve the lives of one's fellow citizens, and was disturbed by the brutal treatment of African Americans. Yet while he supported stronger civil rights laws, he never quite relinquished the deep-rooted outlook of someone with Confederate ancestry reared in rural Missouri. He was often carried along by the rush of events and guided by men who succeeded in refining his fixed and facile view of the postwar world. And while he prided himself on his Midwestern rationality, he could act out of emotion, as when, in the aftermath of World War II, moved by the plight of refugees, he pushed to recognize the new state of Israel. The Truman who emerges in these pages is a man with generous impulses, loyal to friends and family, and blessed with keen political instincts, but insecure, quick to anger, and prone to hasty decisions. Archival discoveries, and research that led from Missouri to Washington, Berlin and Korea, have contributed to an indelible, and deeply human, portrait of an ordinary man suddenly forced to shoulder extraordinary responsibilities, who never lost a schoolboy's romantic love for his country, and its Constitution.
