How to Find Your Way Home

Penguin What if the person you thought you'd lost forever walked back into your life? A warm, uplifting novel about the unshakable bond between siblings, and what happens when a sister discovers her long-missing brother in the most unexpected place, from the author of *Little Big Love*. Emily has been looking for the same face in every crowd for more than a decade: her brother's. She'll do anything to find him, she just never expects that one day he will walk through the door of the London housing office where she works, homeless and in need of help. Emily's overjoyed to see Stephen—her older brother, her hero, the one who taught her to look for the flash of a bird's wings and instilled in her a love and respect for nature's wonders—and invites him to live with her. But the baggage of the day that tore them apart, more than fifteen years before, is heavy. As they attempt to rebuild their relationship, they embark on the birding adventure they'd always promised to take when they were just children running wild in the wetlands of Canvey Island. And so, amid the soft, familiar calls of the marsh birds, they must finally confront what happened that June day—and in all the days since—if they are to finally find their way home.

With nothing but a couple of duffel bags and a folder full of questions, she travels home to coastal North Carolina to claim the house she inherited from a grandmother she never knew. She has two goals: discover why her mother ran away from home all those years ago, and avoid the family that had left her to rot in an inept foster care system. All Della ever wanted was to know who she was, but the journey to self-discovery might just lead to her destruction.

They feel that at last their own lives can begin ... but they have no idea that they've been summoned into a tangle of fraying lives, from the OCD-suffering crossword setter who lives above them to their aunt's mysterious and elusive lover who lives below them, and even to their aunt herself, who never got over her estrangement from the mother of the girls — her own twin — and who can't even seem to quite leave her flat....
