A GUIDE TO ARGUMENTATIVE RESEARCH WRITING AND THINKING

OVERCOMING CHALLENGES

Routledge Research is difficult. Even though students are trained in the basic research methodology skills, when confronted with research writing, it feels to them as if they enter a bizarre world, with its own language and conventions, where it is hard to get things right. This book translates the apparent complexities of research writing into everyday ideas, language and skills, and will enable novice researchers to start overcoming the major stumbling blocks immediately. This book focuses only on the greatest challenges in research writing, specifically those that supervisors find most difficult to explain to novice researchers. These challenges include both basic and more complex skills, such as: finding original research contributions; establishing one's voice while drawing on other authors; turning a vague idea into a feasible research question; generating literature reviews that are original in themselves; and avoiding list-like writing when discussing the research methodology. Wentzel shows that it is easier to overcome these challenges, not with lists of prescriptions that are difficult to remember while writing, but rather by cultivating an argumentative mindset. Not only is such a mindset much easier to maintain, but it offers a central point around which one can organise any difficult writing task. The book shows how to use the argumentative mindset to approach every important writing challenge. It translates all the necessary skills into jargon-free language using a variety of visuals and simple step-by-step procedures that will enable any person to read the book quickly and start writing immediately. The book is accompanied by a website containing an instructor's manual with guidance on the teaching and assessment of research writing, as well as lecture slides.

THEY SAY

FAST FOOD NATION

THE DARK SIDE OF THE ALL-AMERICAN MEAL

Houghton Mifflin Harcourt Explores the homogenization of American culture and the impact of the fast food industry on modern-day health, economy, politics, popular culture, entertainment, and food production.

THE TIPPING POINT

HOW LITTLE THINGS CAN MAKE A BIG DIFFERENCE

[Little, Brown](#) From the bestselling author of *The Bomber Mafia*: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire. Just as a single sick person can start an epidemic of the flu, so too can a small but precisely targeted push cause a fashion trend, the popularity of a new product, or a drop in the crime rate. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. "A wonderful page-turner about a fascinating idea that should affect the way every thinking person looks at the world." —Michael Lewis

THE ST. MARTIN'S GUIDE TO WRITING SHORT EDITION

[Bedford/St. Martin's](#)

ESSAYS AND ARGUMENTS: A HANDBOOK FOR WRITING STUDENT ESSAYS

[Broadview Press](#) How does one help undergraduate students learn quickly how to produce effectively organized, persuasive, well-reasoned essays? This book offers a straightforward, systematic introduction to some of the key elements of the construction of arguments in essay form. The focus here is on practical advice that will prove immediately useful to students—recommended procedures are emphasized, and detailed examples of academic and student writing are provided throughout. The book introduces the basics of argumentation before moving on to the structure and organization of essays. Planning and outlining the essay, writing strong thesis statements, organizing coherent paragraphs, and writing effective introductions and conclusions are among the subjects discussed. A separate section concisely explores issues specific to essays about literary works.

WHAT'S WITHIN A THESIS STATEMENT? EXPLORING FEATURES OF ARGUMENTATIVE THESIS STATEMENTS

Developing strong academic writing skills often requires years of experience and training within a discipline. When novice writers are asked to write an argumentative essay, they are usually required to draft a thesis statement presenting their position on an issue. In argumentative writing, a thesis statement addresses the writer's main argument and is the foundation of the entire essay. Features of thesis statements are often defined with respect to their location and length within the essay (e.g., Petric, 2005), or functions. As a result, further research exploring characteristics of argumentative thesis statements could expand understanding about the distinctive features that operationalize the quality of thesis statements. Results of such research would have strong practical implications for instructors regarding what to teach about writing thesis statements. In the present study, four major features of thesis statements were identified (context, positionality, reasoning, and specificity). Two raters were asked to assess the presence of each feature for the 78 thesis statements, extracted from the argumentative essay outlines of an education course. A set of multiple regression analyses were conducted to investigate whether each feature, and a composite of the four, contributes to the quality of the introduction and the argumentative essay outline. Key findings indicated that the context feature and the positionality feature are of importance in predicting the quality of introduction and the essay outline. Based on the findings, a revised version of Ken Hyland's model of argumentation is proposed and several important implications for teaching writing are recommended.

ARGUMENTATIVE ESSAY

QUICKSTUDY REFERENCE GUIDE TO PLANNING, RESEARCHING, AND WRITING

[Quickstudy Reference Guides](#) Extremely important essay form that lays the groundwork for persuading others to see your

side. Students will be asked to write this essay type (also known as a persuasive essay) from grade school through college, and definitely on standardized tests. Beyond school, much of a career can be spent debating points to persuade your peers, coworkers, colleagues, customers, vendors, constituents, etc. Which is why the skill is important enough to be tested nationwide. Great for school, these 6 laminated pages can last to support the process of persuasion for a lifetime. 6-page laminated guide includes: Understanding Argument & the Writing process Logic in Argument Six Evidences of a Good Argument Types of Arguments What an Argument Requires Arguable Issues Reading Argumentative Materials Writing Your Own Argument Critical Thinking Prompts Purpose & Parts of an Argument Types of Claims Types of Evidence Types of Fallacies Questions for Reading/Writing an Argument Writing the Argumentative Essay Understanding the Audience Research Model Essay Outline Sample Essay

BETWEEN THE WORLD AND ME

One World #1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

UNDERSTANDING ARGUMENTS

AN INTRODUCTION TO INFORMAL LOGIC

Construct effective arguments with **UNDERSTANDING ARGUMENTS: AN INTRODUCTION TO INFORMAL LOGIC**, International Edition. Primarily an introduction to informal logic, this text provides a guide to understanding and constructing arguments in the context of academic studies and subsequent professional careers. Exercises, discussion questions, chapter objectives, and readings help clarify difficult concepts and make the material meaningful and useful.

TO KILL A MOCKINGBIRD

Harper Collins Voted America's Best-Loved Novel in PBS's *The Great American Read* Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

THIS CHANGES EVERYTHING

CAPITALISM VS. THE CLIMATE

Simon and Schuster Explains why the environmental crisis should lead to an abandonment of "free market" ideologies and current political systems, arguing that a massive reduction of greenhouse emissions may offer a best chance for correcting problems.

Master the art of persuasion by ordering a copy today.

IGEN

WHY TODAY'S SUPER-CONNECTED KIDS ARE GROWING UP LESS REBELLIOUS, MORE TOLERANT, LESS HAPPY-- AND COMPLETELY UNPREPARED FOR ADULTHOOD--AND WHAT THAT MEANS FOR THE REST OF US

[Simon and Schuster](#) As seen in *Time*, *USA TODAY*, *The Atlantic*, *The Wall Street Journal*, and on *CBS This Morning*, *BBC*, *PBS*, *CNN*, and *NPR*, *iGen* is crucial reading to understand how the children, teens, and young adults born in the mid-1990s and later are vastly different from their Millennial predecessors, and from any other generation. With generational divides wider than ever, parents, educators, and employers have an urgent need to understand today's rising generation of teens and young adults. Born in the mid-1990s up to the mid-2000s, *iGen* is the first generation to spend their entire adolescence in the age of the smartphone. With social media and texting replacing other activities, *iGen* spends less time with their friends in person—perhaps contributing to their unprecedented levels of anxiety, depression, and loneliness. But technology is not the only thing that makes *iGen* distinct from every generation before them; they are also different in how they spend their time, how they behave, and in their attitudes toward religion, sexuality, and politics. They socialize in completely new ways, reject once sacred social taboos, and want different things from their lives and careers. More than previous generations, they are obsessed with safety, focused on tolerance, and have no patience for inequality. With the first members of *iGen* just graduating from college, we all need to understand them: friends and family need to look out for them; businesses must figure out how to recruit them and sell to them; colleges and universities must know how to educate and guide them. And members of *iGen* also need to understand themselves as they communicate with their elders and explain their views to their older peers. Because where *iGen* goes, so goes our nation—and the world.

EVEN AS WE BREATHE

A NOVEL

[University Press of Kentucky](#) Nineteen-year-old Cowney Sequoyah yearns to escape his hometown of Cherokee, North Carolina, in the heart of the Smoky Mountains. When a summer job at Asheville's luxurious Grove Park Inn and Resort brings him one step closer to escaping the hills that both cradle and suffocate him, he sees it as an opportunity. With World War II raging in Europe, the inn is the temporary home of Axis diplomats and their families, who are being held as prisoners of war. Soon, Cowney's refuge becomes a cage when the daughter of one of the residents goes missing and he finds himself accused of abduction and murder. *Even As We Breathe* invokes the elements of bone, blood, and flesh as Cowney navigates difficult social, cultural, and ethnic divides. After leaving the seclusion of the Cherokee reservation, he is able to explore a future free from the consequences of his family's choices and to construct a new worldview, for a time. However, prejudice and persecution in the white world of the resort eventually compel Cowney to free himself from larger forces that hold him back as he struggles to unearth evidence of his innocence and clear his name.

THE BOOK OF LIGHT

[Copper Canyon Press](#) Twice nominated for the Pulitzer Prize in poetry, Clifton extends her already formidable powers of revelation with these new poems. Her song springs almost spontaneously from her imagination to stitch surreality with concrete imagery drawn from temporal reality, revealing an essential mystery and wisdom from within.

WRITING THE ARGUMENTATIVE ESSAY

PERSPECTIVES ON ARGUMENT

[Prentice Hall](#) This combination rhetoric/reader helps readers develop strategies for critical reading, critical thinking, research, and writing that will help them argue clearly and convincingly. It teaches them to identify and develop arguments, to read and form reactions and opinions of their own, to analyze an audience, to seek common ground, and to use a wide, realistic range of techniques to write argument papers that express their individual views and original perspectives on modern issues. The "Rhetoric" portion includes clear explanations and examples of argument theory and reading and writing processes, research and documentation skills, and offers engaging, class-tested writing assignments and activities. The "Reader" portion includes 75 reading selections covering seven broad issue areas and 18 more focused areas, all of contemporary concern. Unique chapters discuss argument styles, Rogerian argument, and argument and literature. Material covered includes engaging with argument for reading and writing, understanding the nature of argument for reading and writing, writing a research paper that presents an argument and visual and oral argument. Readings cover a range of issues including those concerning families and relationships, education, crime and the treatment of criminals, race, culture and identity, freedom, war and issues concerning the future. For anyone interested in a clear presentation of argument theory applied to written, visual and oral forms.

MAKING YOUR CASE

CRITICAL THINKING AND THE ARGUMENTATIVE ESSAY

McGraw-Hill Humanities, Social Sciences & World Languages This succinct, entertaining book covers a wide variety of critical thinking skills and offers abundant practice in applying those skills to students' writing.

THE INTERNATIONAL STUDENT'S GUIDE TO WRITING A RESEARCH PAPER

Pitt Series in English as a Se The International Student's Guide to Writing a Research Paper is a reference text for undergraduate students and those in ESL or bridge courses who are writing a research paper for the first time. This book is partly an update of Writing a Research Paper (by Lionel Menasche, 1998) and partly a companion to The ESL Writer's Handbook. Like WRP, teachers can move through the writing process in stages to end up with a thorough and coherent research paper. Like a handbook, the text is less dense, with explanations provided in sections for easy comprehension and practice exercises included.

HANDBOOK OF RESEARCH METHODOLOGY

A COMPENDIUM FOR SCHOLARS & RESEARCHERS

Educreation Publishing This comprehensive Handbook is aimed at both academic researchers and practitioners in the field of research. The book's 8 chapters, provide in-depth coverage of research methods based on the revised syllabus of various universities especially considering the students of under graduate, post graduate and doctorate level. This book is a product of extensive literature survey made by the authors. The authors have made sincere efforts to write the book in simple language. The book comprises all the aspects according to new syllabus of PCI and APJ Abdul Kalam Technical University, Lucknow. Though this book is intended for the use of pharmacy students of any level yet it can also be useful to students of applied fields and medical students. The book deals with interdisciplinary fields such as finding research problems, writing research proposals, obtaining funds for research, selecting research designs, searching the literature and review, collection of data and analysis, preparation of thesis, writing research papers for journals, citation and listing of references, preparation of visual materials, oral and poster presentation in conferences, minutes of meetings, and ethical issues in research. At the end of every chapter and book some questions related to chapter have been mentioned for the support of students to understand the subject. Valuable suggestions for the improvement of this book are most welcome.

WRITING THE RESEARCH PAPER

MULTICULTURAL PERSPECTIVES FOR WRITING IN ENGLISH AS A SECOND LANGUAGE

Bloomsbury Publishing Covering both theoretical and practical approaches, Writing the Research Paper guides students studying in English as a second or additional language through the skills necessary for success in university-level writing and research. The book begins with theoretical considerations, such as research, argumentation and critical thinking. It then offers a broad range of practical assistance covering all aspects of the writing process, including topic selection, argument, counter-argument, paragraph structure and cohesion. The book is accompanied by a companion website, writingtheresearchpaper.com. The website hosts many features, including chapter summaries, exercises, quizzes, PowerPoints, additional learning material, and technology assistance. The website also hosts numerous authentic examples of student papers at each of the critical stages of the writing process.

ONE WRITER'S BEGINNINGS

Simon and Schuster Featuring a new introduction, this updated edition of the New York Times bestselling classic by Pulitzer Prize and National Book Award-winning author and one of the most revered figures in American letters is "profound and priceless as guidance for anyone who aspires to write" (Los Angeles Times). Born in 1909 in Jackson, Mississippi, Eudora Welty shares details of her upbringing that show us how her family and her surroundings contributed to the shaping not only of her personality but of her writing as well. Everyday sights, sounds, and objects resonate with the emotions of recollection: the striking clocks, the Victrola, her orphaned father's coverless little book saved since boyhood, the tall mountains of the West Virginia back country that became a metaphor for her mother's sturdy independence, Eudora's earliest box camera that suspended a moment forever and taught her that every feeling awaits a gesture. In her vivid descriptions of growing up in the South—of the interplay between black and white, between town and countryside, between dedicated schoolteachers and the children they taught—she recreates the vanished world of her youth with the same subtlety and insight that mark her fiction, capturing "the mysterious transfiguring gift by which dream, memory, and experience become art" (Los Angeles Times Book Review). Part memoir, part exploration of the seeds of creativity, this unique distillation of a writer's beginnings offers a rare glimpse into the Mississippi childhood that made Eudora Welty the acclaimed and important writer she would become.

WRITING AN ARGUMENTATIVE ESSAY

THE COMPLETE INTRODUCTORY GUIDE TO WRITING AN ARGUMENTATIVE ESSAY FOR BEGINNER STUDENTS

The ability to write an argumentative essay is an essential skill for every student to learn. Learning how to write the argumentative essay begins in secondary education, but it doesn't stop there. The argumentative essay is a specific

style of essay that chooses and defends a side in a debate or topic with multiple perspectives both for and against it. Developing an argumentative essay requires research, analysis and understanding of rhetoric, logical fallacies, and creating a defense supported by evidence. Learning how to write a proper argumentative essay is crucial for being able to enhance, practice, and apply critical thinking skills as well as being able to use rhetoric to defend any topic regardless of personal opinion. This book will teach students and learners of any age how to write an argumentative essay. It will take an introductory approach and assume that the reader has never written an argumentative essay before. This book will teach students: ?What an argumentative essay is?What rhetoric is?What logical fallacies are?The basic structure to an argumentative essay?How to organize an argumentative essay?How to write an argumentative essayWhile a person or student may excel at critical thinking skills, it can be difficult to organize those thoughts into a coherent essay that clearly communicates a position and defense of an argumentative topic. Learn the basics and transform your writing into proficient communication and convincing rhetoric.

THE USES OF ARGUMENT

[Cambridge University Press](#) A central theme throughout the impressive series of philosophical books and articles Stephen Toulmin has published since 1948 is the way in which assertions and opinions concerning all sorts of topics, brought up in everyday life or in academic research, can be rationally justified. Is there one universal system of norms, by which all sorts of arguments in all sorts of fields must be judged, or must each sort of argument be judged according to its own norms? In *The Uses of Argument* (1958) Toulmin sets out his views on these questions for the first time. In spite of initial criticisms from logicians and fellow philosophers, *The Uses of Argument* has been an enduring source of inspiration and discussion to students of argumentation from all kinds of disciplinary background for more than forty years.

POLITICS AND THE ENGLISH LANGUAGE

[Renard Press Ltd](#) George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Politics and the English Language*, the second in the *Orwell's Essays* series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's *Politics and the English Language* is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can - and must - be rediscovered with every age.' — *Irish Times*

ACADEMIC WRITING, REAL WORLD TOPICS

[Broadview Press](#) *Academic Writing, Real World Topics* fills a void in the writing-across-the-curriculum textbook market. It draws together articles and essays of actual academic prose as opposed to journalism; it arranges material topically as opposed to by discipline or academic division; and it approaches topics from multiple disciplinary and critical perspectives. With extensive introductions, rhetorical instruction, and suggested additional resources accompanying each chapter, *Academic Writing, Real World Topics* introduces students to the kinds of research and writing that they will be expected to undertake throughout their college careers and beyond. Readings are drawn from various disciplines across the major divisions of the university and focus on issues of real import to students today, including such topics as living in a digital culture, learning from games, learning in a digital age, living in a global culture, our post-human future, surviving economic crisis, and assessing armed global conflict. The book provides students with an introduction to the diversity, complexity and connectedness of writing in higher education today. Part I, a short *Guide to Academic Writing*, teaches rhetorical strategies and approaches to academic writing within and across the major divisions of the academy. For each writing strategy or essay element treated in the *Guide*, the authors provide examples from the reader, or from one of many resources included in each chapter's *Suggested Additional Resources*. Part II, *Real World Topics*, also refers extensively to the *Guide*. Thus, the *Guide* shows student writers how to employ scholarly writing practices as demonstrated by the readings, while the readings invite students to engage with scholarly content.

UNDERSTANDING AND EVALUATING RESEARCH

A CRITICAL GUIDE

[SAGE Publications](#) *Understanding and Evaluating Research: A Critical Guide* aims to sensitize students to the necessity of learning how not to defer to the mysterious authority of the experts, but rather to learn how to be a critical consumer of others' research, and to gain confidence in their ability to be producers of research. Sue McGregor shows students how to be research literate, and how to find, critique and apply other people's scholarship. This textbook is grounded in a solid understanding of the prevailing research methodologies for creating new knowledge (philosophical underpinnings), which in turn dictate problem posing, theory selection, and research methods (tasks for sampling, collecting and analyzing data, and reporting results).

AUTHORING A PHD

HOW TO PLAN, DRAFT, WRITE AND FINISH A DOCTORAL THESIS OR DISSERTATION

Bloomsbury Publishing This engaging and highly regarded book takes readers through the key stages of their PhD research journey, from the initial ideas through to successful completion and publication. It gives helpful guidance on forming research questions, organising ideas, pulling together a final draft, handling the viva and getting published. Each chapter contains a wealth of practical suggestions and tips for readers to try out and adapt to their own research needs and disciplinary style. This text will be essential reading for PhD students and their supervisors in humanities, arts, social sciences, business, law, health and related disciplines.

THE PRINCETON GUIDE TO HISTORICAL RESEARCH

Princeton University Press The essential handbook for doing historical research in the twenty-first century The Princeton Guide to Historical Research provides students, scholars, and professionals with the skills they need to practice the historian's craft in the digital age, while never losing sight of the fundamental values and techniques that have defined historical scholarship for centuries. Zachary Schrag begins by explaining how to ask good questions and then guides readers step-by-step through all phases of historical research, from narrowing a topic and locating sources to taking notes, crafting a narrative, and connecting one's work to existing scholarship. He shows how researchers extract knowledge from the widest range of sources, such as government documents, newspapers, unpublished manuscripts, images, interviews, and datasets. He demonstrates how to use archives and libraries, read sources critically, present claims supported by evidence, tell compelling stories, and much more. Featuring a wealth of examples that illustrate the methods used by seasoned experts, The Princeton Guide to Historical Research reveals that, however varied the subject matter and sources, historians share basic tools in the quest to understand people and the choices they made. Offers practical step-by-step guidance on how to do historical research, taking readers from initial questions to final publication Connects new digital technologies to the traditional skills of the historian Draws on hundreds of examples from a broad range of historical topics and approaches Shares tips for researchers at every skill level

TELL ME A STORY

USING NARRATIVES TO BREAK DOWN BARRIERS IN COMPOSITION COURSES

Rowman & Littlefield This book attempts to harness the power of stories to help students grow and develop as writers. It argues that stories and narratives can be utilized in the composition classroom, specifically first-year composition (FYC) to break down barriers. Stories and narratives can help students overcome academic, personal, and creative barriers.

HUCKLEBERRY FINN AS IDOL AND TARGET

THE FUNCTIONS OF CRITICISM IN OUR TIME

Univ of Wisconsin Press If racially offensive epithets are banned on CNN air time and in the pages of USA Today, Jonathan Arac asks, shouldn't a fair hearing be given to those who protest their use in an eighth-grade classroom? Placing Mark Twain's comic masterpiece, Huckleberry Finn, in the context of long-standing American debates about race and culture, Jonathan Arac has written a work of scholarship in the service of citizenship. Huckleberry Finn, Arac points out, is America's most beloved book, assigned in schools more than any other work because it is considered both the "quintessential American novel" and "an important weapon against racism." But when some parents, students, and teachers have condemned the book's repeated use of the word "nigger," their protests have been vehemently and often snidely countered by cultural authorities, whether in the universities or in the New York Times and the Washington Post. The paradoxical result, Arac contends, is to reinforce racist structures in our society and to make a sacred text of an important book that deserves thoughtful reading and criticism. Arac does not want to ban Huckleberry Finn, but to provide a context for fairer, fuller, and better-informed debates. Arac shows how, as the Cold War began and the Civil Rights movement took hold, the American critics Lionel Trilling, Henry Nash Smith, and Leo Marx transformed the public image of Twain's novel from a popular "boy's book" to a central document of American culture. Huck's feelings of brotherhood with the slave Jim, it was implied, represented all that was right and good in

American culture and democracy. Drawing on writings by novelists, literary scholars, journalists, and historians, Arac revisits the era of the novel's setting in the 1840s, the period in the 1880s when Twain wrote and published the book, and the post-World War II era, to refute many deeply entrenched assumptions about Huckleberry Finn and its place in cultural history, both nationally and globally. Encompassing discussion of Harriet Beecher Stowe, Frederick Douglass, Ralph Ellison, Archie Bunker, James Baldwin, Shelley Fisher Fishkin, and Mark Fuhrman, Arac's book is trenchant, lucid, and timely.

OPEN PEDAGOGY APPROACHES

Milne Library

WRITING, READING, AND RESEARCH

Cengage Learning **Broadening the traditional notion of undergraduate research, WRITING, READING, AND RESEARCH thoroughly covers the essential skills for developing a research paper: analytical reading, synthesizing, paraphrasing, and summarizing. Presenting the process of research in a practical sequence, including separate chapters on finding, analyzing, and integrating sources, the authors illustrate each stage of the process with examples of student and professional writing. Using a flexible and goal-oriented approach, the authors have created a text that blends the best features of a theoretically informed rhetoric, an interdisciplinary reading anthology, and a research guide. WRITING, R**
